Message from the Budget Director

Honorable Judge and Commissioners:

I am pleased to present the proposed budget for Harris County, encompassing both the General Fund, the Harris County Toll Road Authority (HCTRA), Harris County Hospital District, and the Flood Control District.

During FY25, Harris County was directly impacted by multiple weather events: the Spring 2024 Flood, the May Windstorm, and Hurricane Beryl, which have fiscal implications. In Texas, there are state-sanctioned options for taxation of disaster areas, and Harris County has exercised that statute to help the County recover by raising additional funds. This budget proposal takes a portion of those funds and reinvests a portion of it into the Public Contingency Fund to aid in the clean-up after these weather events and to prepare for future disasters. The budget also reflects the Commissioners' Court decision to go to the voters for a \$100M increase to Harris County Flood Control's revenue to ensure the County's infrastructure and, thus, residents are better prepared for future disasters.

Additionally, OMB sought to reduce the County's general fund deficit sustainably in this budget while better aligning spending with the recently adopted strategic plan. To that effort, OMB has outlined revenue generation and saving opportunities as a part of a 5-year plan to reduce the deficit, of which \$26M of options are incorporated in this year's budget. The County's investments made in this budget are defined by the goals and objectives as part of the strategic framework that the Court approved in April of this year. This budget reflects the County's commitment to the justice system, with three new district courts opening and a historic investment in the Public Defender. This budget includes \$50M for compensation to implement the compensation and pay equity study currently being conducted for County employees.

Outside of the proposed operating budget, the County issues long-term debt instruments such as bonds to fund capital improvements, such as infrastructure improvements, transportation systems, and more. In FY24, Harris County issued \$1.7B of new debt to fund these types of initiatives. All the while, the County has maintained a high credit rating by demonstrating a low default risk.

I greatly appreciate your consideration of the proposed budget.

Daniel Ramos
Executive Director
Harris County Office of Management and Budget

Proposed Budgets for Fiscal Year 2025

On September 19, 2024, Commissioners Court will consider and may adopt the fiscal year 2025 budgets for Harris County and the Harris County Flood Control District.

The following information is presented to ensure compliance with Texas Local Government Code § 111.067, which requires select information regarding the proposed budget to be presented in 18-point font.

Harris County Budget

This budget will raise more total property taxes than last year's budget by \$244,831,566 (10.7%) and of that amount, \$60,564,868 is tax revenue to be raised from new property added to the tax roll this year.

Harris County Flood Control District Budget

This budget will raise more total property taxes than last year's budget by \$118,974,926 (59.7%) and of that amount, \$7,697,442 is tax revenue to be raised from new property added to the tax roll this year.

Proposed Tax Rates for Fiscal Year 2025

On September 19, 2024, Commissioners Court will consider and may adopt the Harris County property tax rates for tax year 2024, which corresponds to County Fiscal Year 2025. On August 15, 2024, the Commissioners Court adopted 2024 tax rates for Harris County Flood Control District. The adopted Flood Control rates are higher than the Voter Approval Rate and are therefore subject to a tax rate election on November 5, 2024, at which the voters may approve or reject the adopted rates.

The following tables summarize the proposed and adopted Maintenance and Operations (M&O) and Debt Service (I&S) property tax rates for Harris County and Harris County Flood Control District respectively.

Harris County property tax rates per \$100 of taxable value for the preceding and current fiscal years:

Property Tax Rates (per \$100)	FY24	Proposed FY25
Adopted M&O Tax Rate	0.30281	0.33454
Adopted I&S (Debt) Tax Rate	0.04726	0.05075
Total Adopted Tax Rate	0.35007	0.38529

Harris County 2024 Tax Rates and Fiscal Year 2025 Proposed Annual Budget

The Harris County Commissioners Court sets the 2024 tax rates for Harris County, the Harris County Flood Control District, the Hospital District, and the Port of Houston Authority. Separate tax rates are set for Maintenance and Operations (M&O) and Debt Service (I&S). M&O tax rate increases are capped by state statute unless voters approve a higher rate at an election. On August 15, 2024, Commissioners Court adopted 2024 tax rates for the Flood Control District that will require a tax rate election in November. The tax rate timeline for 2024 is below and shows the expedited Flood Control process that was required to accommodate the election filing deadline:

Flood Control District	County, Hospital District and Port of Houston
Vote to propose tax rates (August 6)	Vote to propose tax rates (September 10)
Hold a hearing (August 15)	Hold a hearing (September 19)
Adopt rates (August 15)	Formally vote to adopt rates (September 19)

Tax rates were calculated using a certified estimate of taxable values provided by the Harris Central Appraisal District (HCAD) in late July. The County can adopt rates using this certified estimate or may choose to wait and adopt rates based on the certified roll which HCAD provided near the end of August.

The range of tax rates Commissioners Court can adopt is set by statute and cannot exceed the “Voter Approval Rate” (VAR) without an election. If Commissioners Court fails to adopt rates, the rates revert to the “No-New Revenue” (NNR) rates. The Tax Office transmitted the tax rate calculations to Commissioners Court for the County and Flood Control on August 6, 2024, transmitted the calculations for the Port on August 15, 2024 and the Hospital District on September 10, 2024.

This book covers Harris County and Harris County Flood Control District. Budget details for the Hospital District dba Harris Health System and the Port of Houston Authority are presented independently.

Overview of Harris County

County Government

Harris County is a political subdivision of the State of Texas and Commissioners Court is the governing body of the County. It is composed of the County Judge elected from the County at large, and four Commissioners, each elected from separate County precincts, all elected for four-year terms. The County Judge is the presiding officer of Commissioners Court. Within Harris County government, there are 87 operating departments, each with an elected official or appointed department head.

In August 2021, the Office of County Administration was created by Commissioners Court to provide day-to-day oversight of County government, as well as coordination with all County elected officials. Some of the agencies with an appointed department head, which previously reported to Commissioners Court, now report through the County Administrator. The County Administrator, who also serves as the County Budget Officer, works to implement goals and policy set by Commissioners Court.

By statute, each year the County Budget Officer must propose a budget and Commissioners Court must approve a budget. The budget appropriates funds to County departments, affiliated agencies, and specific reserve accounts. The budget is a vital policy document which sets priorities for the coming year.

Commissioners Court must approve budgets for the following funds and departments in advance of the next fiscal year, which are covered in this Volume I Budget Book:

- General Fund (including the Public Improvement Contingency Fund and mobility transfers from HCTRA)
- Harris County Toll Road Authority (HCTRA)
- Harris County Flood Control District

Finally, though operations are managed by an appointed board, Commissioners Court also approves the budget for the Hospital District dba Harris Health System (HHS).

Countywide Organizational Chart

Other Departments

- **County Auditor appointed by District Judges**
- **Purchasing Agent appointed by Purchasing Board**
- **Juvenile Probation director appointed by Juvenile Board**
- **Office of Court Management director appointed by County Criminal Courts at Law Judges**
- **District Court Management director appointed by District Judges**
- **Children’s Assessment Center director appointed by a separate board**
- **Civil Service Commission appointed by Commissioners Court, Sheriff, and District Attorney**
- **Law Library director appointed by County Attorney**

Notes

¹ Hiring and firing of department head by the County Administrator require ratification by Commissioners Court.
² Hiring and firing of department head done by a board or group of elected officials other than Commissioners Court.
³ Hiring and firing of department head by Commissioners Court must consider recommendations of a separate board.
⁴ County Administrator serves as the Flood Control Manager with the rights and responsibilities set forth in statute to provide oversight of the Flood Control District. A separate Executive Director retains the day-to-day operational duties and powers.
⁵ County Judge oversees the Department of Homeland Security and Emergency Management.

County Profile

Founded in 1836 and organized in 1837, Harris County is divided into four precincts and governed by a Commissioners Court.

Harris County, Texas is the third largest County in the United States and the largest in Texas, with 2.2M more residents than the next most-populous Texas County. It is home to 4.8M people, including the 2.3M residents of Houston, the County's seat. Covering 1,777 square miles on the Texas Gulf Coast, the County is home to the Port of Houston, and the population is roughly split equally between incorporated and unincorporated areas. Harris County is unique among all counties in the nation for having an unincorporated area with a population of more than 2M residents. If unincorporated Harris County were a city, it would be the second largest city in Texas and the fifth largest city in the U.S. Besides Houston, the County contains all or part of 33 other cities and 12 large unincorporated population clusters, also known as Census Designated Places.

With a real GDP of \$495B, Harris County accounts for 21% of Texas' economic activity and 16% of its population. Its workforce is 2.4M strong, with 67.3% of the population 16 years and older employed. The region's economy is anchored by energy and related industries, but recent years have seen growth in manufacturing, construction, government, education & health services. The Port of Houston, the largest Gulf Coast port and the 5th busiest in the U.S., has also increased its business steadily over the past few years and currently ranks number one in the U.S. in foreign waterborne tonnage. Overall, the County's economy contains more than 100,000 employers. This includes the headquarters of 24 Fortune 500 companies. Out of the 24 companies, the energy sector has dominated the economy.

Population Growth

According to the US Census Bureau, between 2020 and 2023 Harris County's population grew by 2.2%, in line with the state's overall growth. Harris County continues to grow as fast or faster than other large counties. As the population grows, the demand for services increases, particularly as the growth has concentrated in the unincorporated parts, where the County is the primary provider of municipal services.

Age

Like much of the nation, the population of Harris County is aging. The share of Harris County’s population that is under 18 has stayed flat from 2020 to 2023 but remains higher than the national average of 21.7%. The population over 18 has stayed flat as well but remains lower than the national average of 78.3%.

Diversity

Harris County is one of the most diverse places in the country. More than a quarter of its residents are foreign born and close to half of the population speaks a language other than English at home. In total, 145 languages are spoken in the County.

Harris County Population Demographics (2023)

The County’s Hispanic/Latino population grew from 43% in 2020 to 44.6% in 2023. Black/African American population grew from 18.7% in 2020 to 20.6% in 2023, while the population that identifies as Other has fallen from 3.3% in 2020 to 0.2% in 2023.

Median Household Income

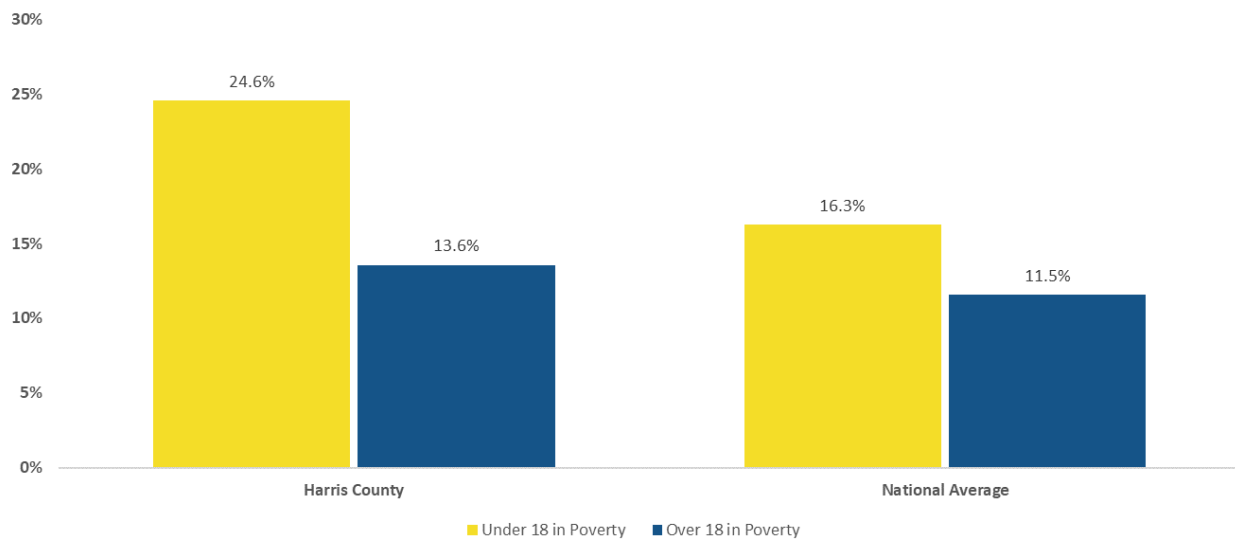

While Harris County’s median household income has grown steadily over the last 12 years, median household income in Harris County is slightly lower than the state overall (\$68,748 versus \$72,279), and lags almost all the surrounding counties in the greater Houston Metro Area. Of area counties, only Liberty and Austin Counties have a lower median household income.

Median Household Income by County (2023)

Poverty Rate

Poverty Rate Harris County & US Average (2023)

The County's poverty rate is higher than the national average (16.4% versus 12.6%) for all age groups. The greatest area of disparity is for residents under 18 years, with a poverty rate of more than 8.3% above the national average.

While Harris County poverty has increased from a peak of 15.9% in 2020 to 16.4% in 2023, the rate of increase is slower than in surrounding counties. Generally, poverty rates are higher among people living in urban areas than those living in suburban or rural areas, but a multitude of factors may contribute to a slower decline in the County's poverty rate. The gap in rate of decline largely reflects differences in the overall racial and ethnic makeup of the County population. Although poverty rates increased for all racial and Hispanic origin groups, racial disparity in poverty and median household income persists. Black and Hispanic residents continue to be over-represented in the population in poverty relative to their representation in the overall population. Nearly 65.2% of Harris County residents are Hispanic/Latino or Black, highest among all surrounding counties. The growing concentration of poverty has been a concern within past decades, and poor neighborhoods tend to cluster disadvantages that stall upward mobility over time.

Executive Summary

Every year, Harris County Commissioners Court sets the budget for Harris County government, including 87 operating departments and agencies. The budget includes General funds and Special Revenue funds which support County services. The budget also includes debt service, with a set of recommended capital projects submitted by County departments.

In preparation for Fiscal Year 2025, the Office of Management and Budget (OMB) has worked with County Departments on cataloguing and forecasting County cost drivers to update the FY24 Budget and develop a Current Level of Service (CLS) forecast. The CLS is intended to provide a comprehensive and transparent pre-decisional projection of the County budget that includes inflationary factors, changes to federal or state mandates, operations, and any financial decisions during the current fiscal year.

Financial Strengths

Harris County's liquidity position is robust. After accounting for the funds restricted for mobility and infrastructure, the balance of cash and investments in governmental funds totals \$1.98 billion. This amount provides 201 days of cash on hand (DCOH) based on governmental expenditures, excluding those for mobility and infrastructure. Harris County is also fortunate to have a stable property tax base through the pandemic and strong support from grants. Over the past decade, the tax base has shown notable resilience and growth. The taxable assessed value has grown at a compound annual rate of 6.7% through the 2024 tax year, significantly outpacing the compound annual growth rate of the urban consumer price index, which stands at 2.8%. As FY24 closes, more than half of County departments used supplemental grant funding to support or enhance public services. The cumulative impact of grant funds is nearly \$650M through the first ten months of FY23, including funding from: ARPA, Community Development Block Grant (CDBG) programs, and Flood Control. Over the course of FY23, the County has lived within its General Fund budget with projected spending in line with new revenue.

With two months remaining in FY24, the unencumbered (available) balance in the Contingency Fund is \$172M, plus nearly \$21M of encumbered funds set aside to respond to two major weather events in 2024. Harris County continues to replenish this fund and the General Fund via reimbursements from FEMA for past disasters, primarily COVID, and expects to receive \$202M in additional FEMA reimbursements, which are currently under review by either FEMA or Texas Department of Emergency Management."

Public Contingency Fund Historical Balance

All these factors allow the County to maintain the current level of service for core County operations, while making strategic investments in our public safety and justice systems.

Economy, Growth and Tax Impacts

Following two consecutive years of valuation increases over 12%, and a decade of increases averaging 6.7%, the County experienced relatively flat growth for Tax Year 2024.

While 2021 and 2022 were extraordinary from a valuation perspective, Harris County has a long track record of strong economic growth and property valuation increases. Below are the original certified taxable property values since 2014 and the amount of new construction added to the tax roll each year.

	2014	2015	2016	2017	2018	2019	2020	2021	2022	2023	2024 ¹

¹ Certified estimate used for comparison. Certified values will not be available until the end of August 2024.

Although the large taxable value increases of prior years did not continue in 2024, there are tools in place to moderate the impact of large taxable value increases on residential property owners when they do occur. First, annual valuation increases for residential homestead properties are capped at 10%. Using 2023 as an example, this 10% cap resulted in more than 90% of County homesteads having 2023 taxable values below their appraisal. The County also provides a 20% exemption for residential homesteads and an additional \$320,000 exemption for homesteads of senior and disabled property owners which further reduces the tax burden.

Apart from these caps and exemptions, Texas statute limits the total amount of taxes the County can generate from

existing properties without calling for a tax rate election. The limit is a targeted maximum increase of 3.5% per year unless the County was impacted by a declared disaster, in which case an 8% cap applies. As the County has been impacted by a declared disaster this year, Commissioners Court directed the Tax Office to calculate the 2024 Voter Approval Rate (VAR) using an 8% “Disaster” multiplier instead of the normal 3.5% rate. This higher multiplier is estimated to generate an additional \$89M in tax year 2024, but it is important to note this is a one-year increase only which would be deducted when calculating the tax levy for 2025.

When rates are adopted at less than the 3.5% cap, the County can accrue the difference between the maximum (Voter Approval Rate) and the adopted rate and apply that unused increment in any of the following three years. The County will not have any unused increment available to adjust the 2024 tax rate.

At its August 15, 2024 meeting, Commissioners Court adopted a Flood Control tax rate that was above the VAR and called for a tax rate election on November 5 at which the voters will decide whether to approve or reject the proposed rate. If an election is called and subsequently rejected by the voters, the tax rate will revert to the VAR.

After more than a decade of holding the overall tax rate steady, the County lowered its combined tax rate every year since 2019, in part to offset large increases in property values and to comply with the state revenue caps. Historical Court-adopted tax rates and 2024 proposed rates per \$100 of taxable value are shown in the following table. Unlike previous years with large taxable value growth, 2024 saw a 1.1% drop in values for existing properties. This negative value growth means tax rates must increase if additional revenue is to be generated. About 12% of the tax rate increase proposed for 2024 is caused by the drop in taxable value, with the remaining 88% of the increase due to increased revenue generation.

Current Level of Service

Starting in March of 2024, OMB engaged County departments in the Current Level of Service (CLS) process to project the costs of maintaining the same level of service from one fiscal year to the next. OMB partnered with department and subject matter experts to forecast key budget drivers like facility maintenance, fleet operations, utilities, cost of living adjustments, employee benefits-related expenses, changes to state law, as well as unplanned budget adjustments to services.

Thanks to prudent financial management, the County is currently in a strong financial position— with a balanced annual budget, strong cash reserves, and top credit rating. However, the results of the CLS forecast show that Harris County’s financial picture is becoming more challenging due to factors outside the County’s control. State-mandated revenue caps combined with state mandated minimum spending on law enforcement, growing healthcare costs, and significant increases in the cost of providing legal representation for indigent defendants, as well continued state mandated inmate outsourcing have caused a fiscal reckoning for the County.

Throughout FY24 Court approved \$21M of recurring transfers that were unplanned. These recurring transfers, coupled with the increased costs to departments’ operations, severely limit the investment possibilities for FY25.

In April, OMB presented the FY25 CLS forecast of \$2,657M in planned expenses for the county, which included \$50M for the Pay Equity study. The forecast projected a \$130M deficit for FY25 based on the VAR revenue forecast of \$2,527M, the maximum tax rate Court can set without voter approval. Under a NNR forecast of \$2,458M, the deficit would be \$199M. Through Commissioners Court guidance for the FY25 budget process, the County was able to balance the budget and make several targeted investments for this upcoming fiscal year, described in the Budget Recommendations section. The figure below represents the FY25 CLS forecast, as of June 2024.

	Revenue	Expenditure	Surplus/(Deficit)
FY25 NNR	2,458M	2,657M	(199M)
FY25 VAR	2,527M	2,657M	(130M)

Key Budget Drivers

The FY24 Budget was prepared in a time of tremendous change and uncertainty. Factors driving the difficult choices required in the budget process included: inflation, jail costs, increased utility costs, and increased health care costs.

Jail Costs

Despite continued investments in the County's justice-related departments, the jail population growth has caused \$85M in additional spending on the County's jail. In November 2023, the Texas Commission on Jail Standards reduced the number of variance beds available for utilization at Harris County jail facilities. The Harris County Sheriff's Office lost the use of 580 variance beds, in increments of 144, every month beginning December 2023. Additional inmate outsourcing was therefore needed to ensure Harris County can house all inmates while meeting minimum jail standards for staffing officer-to-inmate ratios. In addition to the surge in population, the proportion of inmates that are high-risk has increased, necessitating additional staffing and the need to outsource inmates to private facilities. Overtime for jail staff is currently 16.1% of the overall labor budget for the Sheriff's Department.

In FY24 the County continues to outsource inmates to Garza County, LaSalle Correctional Center, and Tallahatchie Correctional Facility. Additionally, the County added more outsourcing beds at Tallahatchie Correctional Facility at a cost of \$52M. This cost will be borne fully by the County's General Fund.

In FY25, there will be an increase to the overall budget totaling \$1.9M for various increases to services to manage the jail. The FY25 budget includes \$827K of General Fund appropriation for continued maintenance to the Offender Management Software and an additional \$651K for increased inmate food expenses. The proposed budget also includes \$10M in additional jail medical costs. The budget proposal reflects a recommendation to transition the FY24 jail medical overage (\$23M) to the Harris Health System tax rate.

Indigent Defense

Over the last three fiscal years Harris County has seen massive cost increases for *indigent defense*, or county-provided criminal defense services for persons accused of a crime that cannot afford to pay for their own legal representation. In FY23 and the annualized SFY22 budgets, the County averaged \$82.3M in indigent defense costs annually. In FY24 alone, Commissioners Court approved a supplemental appropriation of \$29.1M due to cost overruns for court appointed attorney fees, for a total projected spend of \$102.2M.

The unanticipated costs are attributed to a combination of significant increases in the number of cases, as well as a change in fee structure approved by District and County judges in FY23. The chart below illustrates actual expenses for court appointed attorneys representing indigent defendants over the last five years.

Harris County Indigent Defense Spending

In FY25 Harris County will budget more for indigent defense spending overall, but, at the direction of Commissioners Court, funding will be reallocated from Court Appointed Attorneys towards the Public Defender’s Office. The Public Defender’s FY25 Budget will include an additional \$11.7M to support the second-year expansion of the office to represent 50% of all indigent defense cases by FY26.

Natural Disasters

Harris County was impacted by three severe weather events in fiscal year 2024. Hurricane Beryl, the May 16th Derecho, and the May 2nd flooding event. All three events required the activation of the Public Improvement Contingency Fund (PIC) for emergency repairs, cleanup, and monitoring. A federal disaster was declared for Hurricane Beryl, and a combined federal declaration was made for the May weather events. Harris County estimates \$50M in county expenditures to support clean up, recovery, and restoration from these events. The County expects to be reimbursed for 70% of eligible response costs by FEMA.

Health Care Costs

Harris County provides generous medical benefits to its employees and retirees compared to peer organizations and benchmark survey data. For 2024, the health claims forecast is \$414M, which represents a 2% increase from 2023 and nearly 30% increase from just four years ago. Several factors point towards a substantial increase in medical costs in 2025 including inflationary pressure, prescription drug spending, and behavioral health utilization. The projected 2025 health claims amount is \$447M, but implementation of a Medicare Advantage Prescription Drug plan and an Accountable Care Organization

plan should result in healthcare savings. The county will continue to monitor projections when the new plan year begins.

County Medical Claims

The proposed budget increases the County’s healthcare contribution by \$20.8M, raising the cost per employee from \$18,030 to \$19,182 due to substantial medical inflation anticipated in 2025.

Furthermore, Harris County spends more than peers on insurance, paid leave, and retirement while spending in line with peers on Worker's Compensation.

Contract Patrol

Harris County allows the Sheriff’s Department and Constable Precincts to enter into contractual agreements with businesses, homeowner associations, independent school districts, and municipal utility districts to provide dedicated patrol deputies within their area. The current policy requires that contracts starting in the middle of the fiscal year be reimbursed for 100% of the cost of the deputies. In subsequent years, entities can lower their commitment to 70% or 80% of deputies time and cost. Below is a chart of how much the County spends and receives as part of the contract patrol program (in millions).

After the passage of the budget in September, OMB recommends updates to the contract patrol rate to reflect cost increases. In FY24 the rate was updated by 6.6%, which was primarily driven by the 4% COLA for constable deputies as well as 7% for constable supervisors and civilians.

	FY20	FY21	FY22	FY23	FY24
<i>Number of Contracted Officers</i>	975	1,015	1,040	1,142	1,201
Cost Covered by Customers	\$71.9M	\$78.6M	\$82.5M	\$95.0M	\$104.8M
Cost Covered by County	\$25.6M	\$27.9M	\$29.4M	\$31.6M	\$34.9M
Total Cost	\$97.5M	\$106.5M	\$111.9M	\$126.6M	\$139.7M

Federal Aid and American Rescue Plan

The County has made swift use of federal recovery dollars, fully allocating U.S. Treasury funding made available via the CARES Act and Consolidated Appropriations Act. The ARPA Coronavirus State and Local Fiscal Recovery Fund provided a direct grant of \$915.5M to Harris County, of which \$985.9M has been allocated and \$815M has been fully obligated.

ARPA funds must be obligated by the end of 2024; the period of performance extends to 2026. Commissioners Court has identified Health, Housing, Jobs & Education, Justice & Safety, and County Operations as investment priorities and established an equity framework to guide investments. Input from over 1,000 community members informed creation of target focus areas and priority outcomes.

Details about the community engagement process and active programs, together with our annual Recovery Plan submitted to the U.S. Treasury, can be found at [HarrisCountyARPA.org](https://www.harriscountyarpa.org).

Below is a summary of ARPA funding committed through June 2024:

Funds committed by Harris County
Commissioners Court through June 2024 (\$M)

In FY25, the County will focus on project delivery and assessing options for sustainable funding where needed. The FY25 budget assumes \$9.3M in ARPA to fund General Fund operations.

FEMA Public Assistance Program for COVID-19

Through July 2024, a total of 91 projects in the amount of \$239M have been obligated under FEMA’s Public Assistance Program for COVID-19. The County will continue to work with FEMA and the Texas Department of Emergency Management to seek reimbursement for eligible expenses, and an additional \$96M is estimated to be obligated by the end of FY25. As demonstrated by prior events such as Hurricane Harvey, final resolution of outstanding projects and funding from FEMA takes time pending necessary audits, reviews, and appeals. FEMA has approved \$127M in reimbursements, which is awaiting the Texas Department of Emergency Management (TDEM) review to be recognized by the County Auditor.

Budget Plan

Approved Revenues and Expenditures

The proposed FY25 appropriation plan for Harris County’s General Fund is \$2,669M, which includes \$2,669M in projected total revenue*.

Commissioners Court adopted a Flood Control tax rate that, if it is approved by the voters at an election in November, is expected to generate \$241.1M. If the voters do not approve of the higher rate, it will default back to the VAR which is \$141M. The recommended HCTRA appropriation is \$775M[†] and \$288M of total transfers to the Mobility Fund. Commissioners’ Court also approves the budget and tax rate for the Harris County Hospital District (Harris Health). The Harris Health proposed budget reflects the recommendation of their management and board.

	General Fund	Flood Control	HCTRA	Harris Health [‡]
Revenue	\$2,669M	\$241M	\$1,000M	\$2,549M
Expenditures	\$2,669M	\$241M	\$775M	\$2,549M
Transfers	-	-	\$288M	-

* OMB’s estimated revenue will differ from the Auditor’s estimate as described in the Revenue section.

[†] HCTRA Revenue consist of Operating revenue + Investment Income; HCTRA Expenditures consists of Operating Expenses + Debt Service + PAYGO.

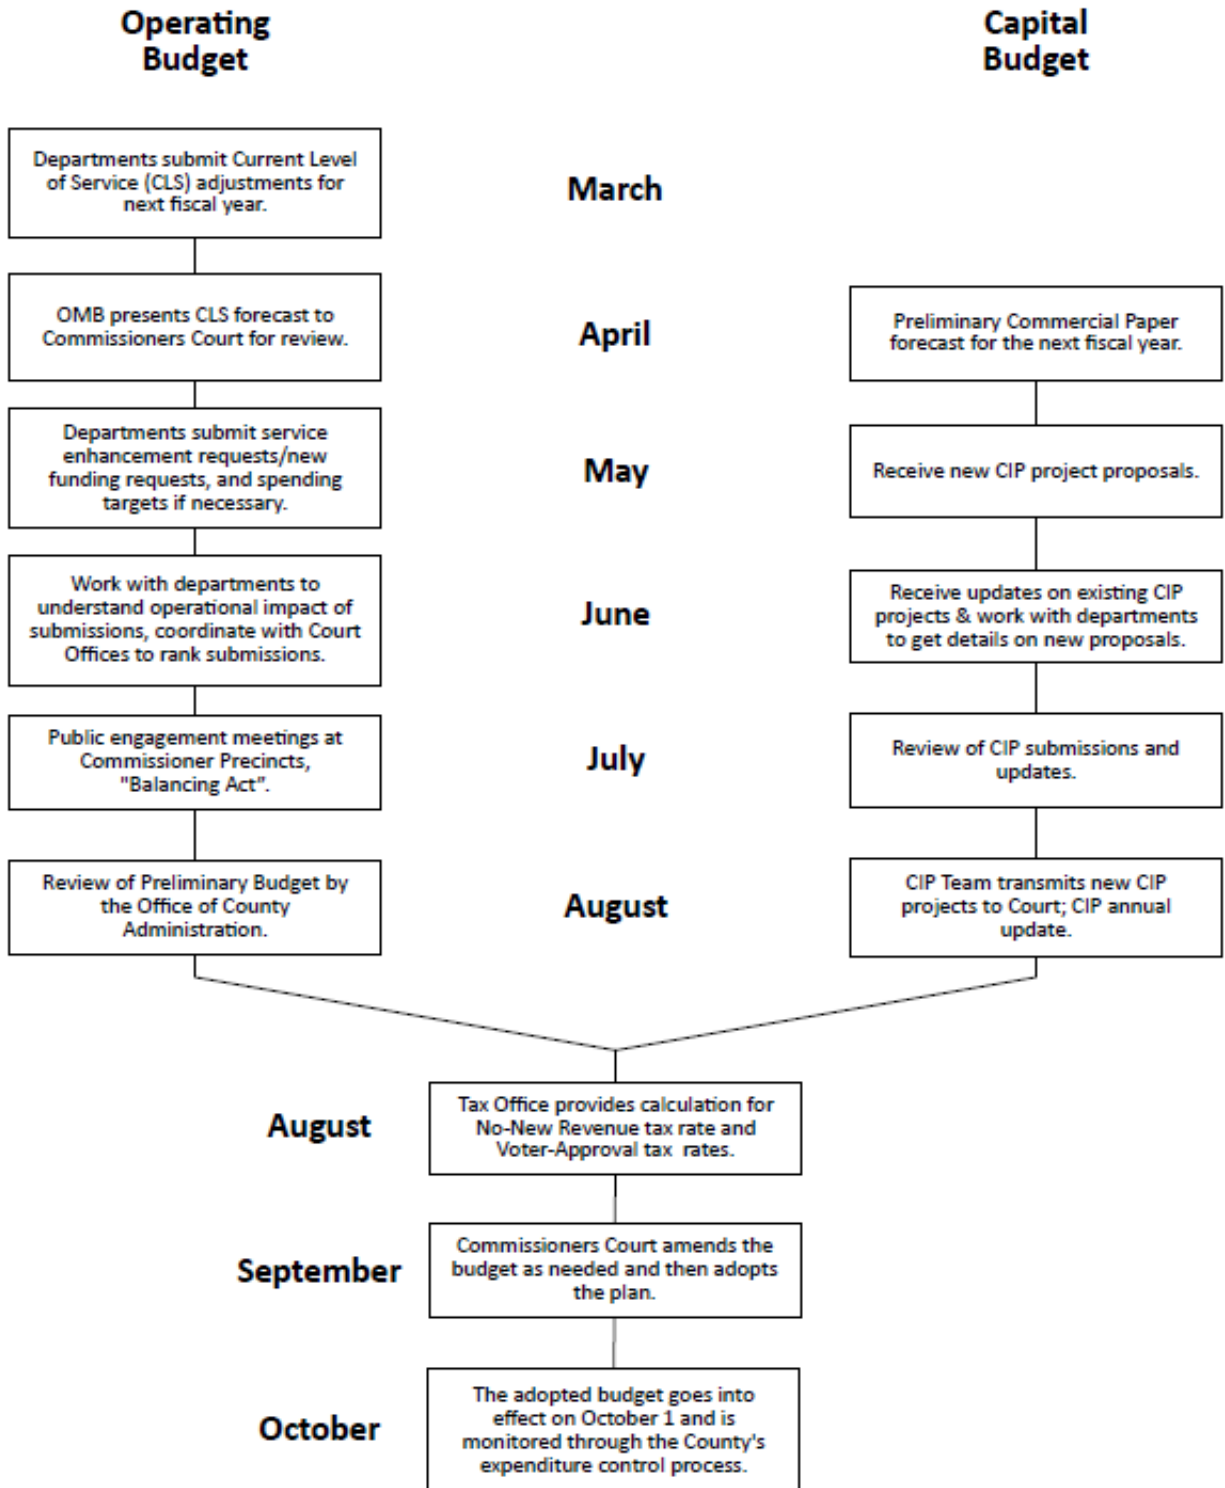

[‡]Harris Health’s proposed budget is based on the VAR that includes \$997M of Ad Valorem Tax Revenue.

Budget Process Timeline

As the County’s new fiscal year begins, OMB has created a budget process timeline to help highlight key dates for the FY25 budget cycle. More key dates may be added or removed from this outline in the coming year, and OMB will communicate updates to departments on a regular basis.

Fiscal Year Change

Prior to March 2022, the County’s fiscal year ran from March 1st through February 28th. In 2022, to better align the county’s budgeting and appropriations cycle with tax rate setting timelines, the fiscal year was changed to October 1 through September 30. This change required a short, 7-month transition year from March 1, 2022 through September 30, 2022. The following table shows the various abbreviations and corresponding dates for each fiscal year.

FY21	FY22	SFY22	FY23	FY24	FY25
FY2021	FY2022	SFY 2022	FY2023	FY2024	FY2025
3/1/20- 2/28/21	3/1/21- 2/28/22	3/1/22- 9/30/22	10/1/22- 9/30/23	10/1/23- 9/30/24	10/1/24- 9/30/25

It should be noted that “Tax Years” (TY) are different than the fiscal year and cover very different periods. For reference, the 2024 tax rates (Tax Year 2024) are set in September 2024, while the associated tax revenue is received in County FY25.

Outcome Budgeting

In late 2020, with support from Commissioners Court, OMB embarked on a redesign of the County's budget process. Previously, decision-makers looked at historical spending and focused on the topline allocation to a department or agency. This process emphasized past allocations over present performance and did not make clear the connection between funding choices and community outcomes.

The County's new approach, *outcome budgeting*, reorients the budget process around the actual programs and services provided. In outcome budgeting, decision-makers no longer need to rely on topline allocations as a proxy for real data about what the County is doing for its constituents. They can ask directly: "What is the community impact of our services? And at what level should they be funded?"

In the FY24 budget cycle, the Commissioners Court formulated Goal Area Committees (GACs) that met with individual departments using Department Progress Meetings (DPMs) to understand strategic priorities and service delivery. The services and program structure served as the basis for ongoing conversations with departments on spend, performance, and resource needs for service efficiency.

Strategic Objectives

Outcome budgeting, like all budget processes, is an exercise in prioritization. To guide this process, Commissioners Court has identified six goals and 23 objectives as part of the strategic framework that the Court approved in April of this year:

- **Make Harris County Safer and More Just:**
 - Reduce violent crime across the County
 - Reduce criminal legal system exposure that does not advance public safety
 - Improve safety and health conditions in the jail
 - Reduce racial, ethnic, and economic disparities in the criminal legal system
 - Increase efficiency across the legal system
- **Improve Physical and Mental Health Outcomes Across All Communities**
 - Improve the health behaviors of community members
 - Increase access to quality health care, including preventive and behavioral health
 - Improve children's health outcomes
- **Minimize the Impact of Climate Change and Disasters**
 - Reduce GHG emissions from County operations by 40% by 2030
 - Enhance disaster preparedness and resiliency
 - Equitably reduce the health, economic, and other impacts of climate change and disasters
 - Encourage residents, businesses, and public entities to significantly reduce their environmental footprint for the health of our region
- **Make Our Economy More Inclusive**
 - Grow the number of minority- and women-owned businesses
 - Provide workers with training and other support (e.g., childcare) to participate fully in the local economy

- Ensure that Harris County remains the best place in the region to start and grow a business
- Foster more family-wage jobs that ensure worker safety, benefits, and stability across all educational levels
- **Help Residents Achieve Housing Stability**
 - Build and preserve affordable housing, particularly for low-income families
 - Reduce eviction and foreclosure rates among residents
 - Transition people experiencing homelessness into permanent housing
- **Connect Our Community with Safe, Reliable, Equitably Distributed, and Well-Maintained Infrastructure**
 - Expand and optimize transit options
 - Ensure safety and security for all using the county's transportation network in alignment with the County's Vision Zero plan
 - Increase access to safe, clean, and enjoyable green space
 - Improve the condition and resilience of county transportation, flood control, and other infrastructure

The strategic framework was informed by one-on-one meetings with each Commissioners Court member, a special meeting of Commissioners Court held on April 1, 2024, several workshops and meetings with the Strategic Planning Committee—which consists of representatives from each Commissioners Court office, multiple workshops with and other feedback from leadership from OCA-reporting departments, County Champions from a wide range of County departments, a community survey, a County employee survey, and community engagement charettes hosted individually by each member of Commissioners Court.

The strategic framework serves as the launching point for the development of a strategic plan, which will include initiatives that help the County achieve the objectives and make progress toward the goals set out in the strategic framework. Ultimately, the strategic planning process should result in a countywide system of strategic performance measurement and reporting that is directly linked to and guides budget and other resource allocation decisions, while also aligning the work of departments and County partners with the County's strategic plan.

Programs and Services

Harris County seeks to improve Strategic Objectives through its programs and services. Historically, these activities have been difficult to evaluate: the County lacked a standardized catalogue of programs and services and did not track costs consistently at the program and service level. This year OMB worked with departments to create a standardized catalogue, defining services as an amenity, or set of amenities that addresses a specific community or governmental problem. A service should have an identifiable "customer" and a specific strategy to make them better off. Services are bundled together to form a *program*, a collection of services that work together to provide a community benefit. Altogether, OMB

has catalogued over 700 services and 300 programs, described further in Volume II – Department Detail. Illustrative example of programs and services is listed below.

Program	Service
	Financial Services
	Human Resources
Administration and Support Services	IT
	Communications
	Case Management

Holistic Defense Services	Holistic Defense Services

Performance Measures

To better understand if a department is achieving its objectives, or if progress is being made towards Commissioners Court Strategic Objectives, departments have developed performance measures to track results at the service, program, and department levels. The multi-level approach allows the County to evaluate operational performance, program objectives, and overall department performance.

Each performance measure will fall into one of three categories:

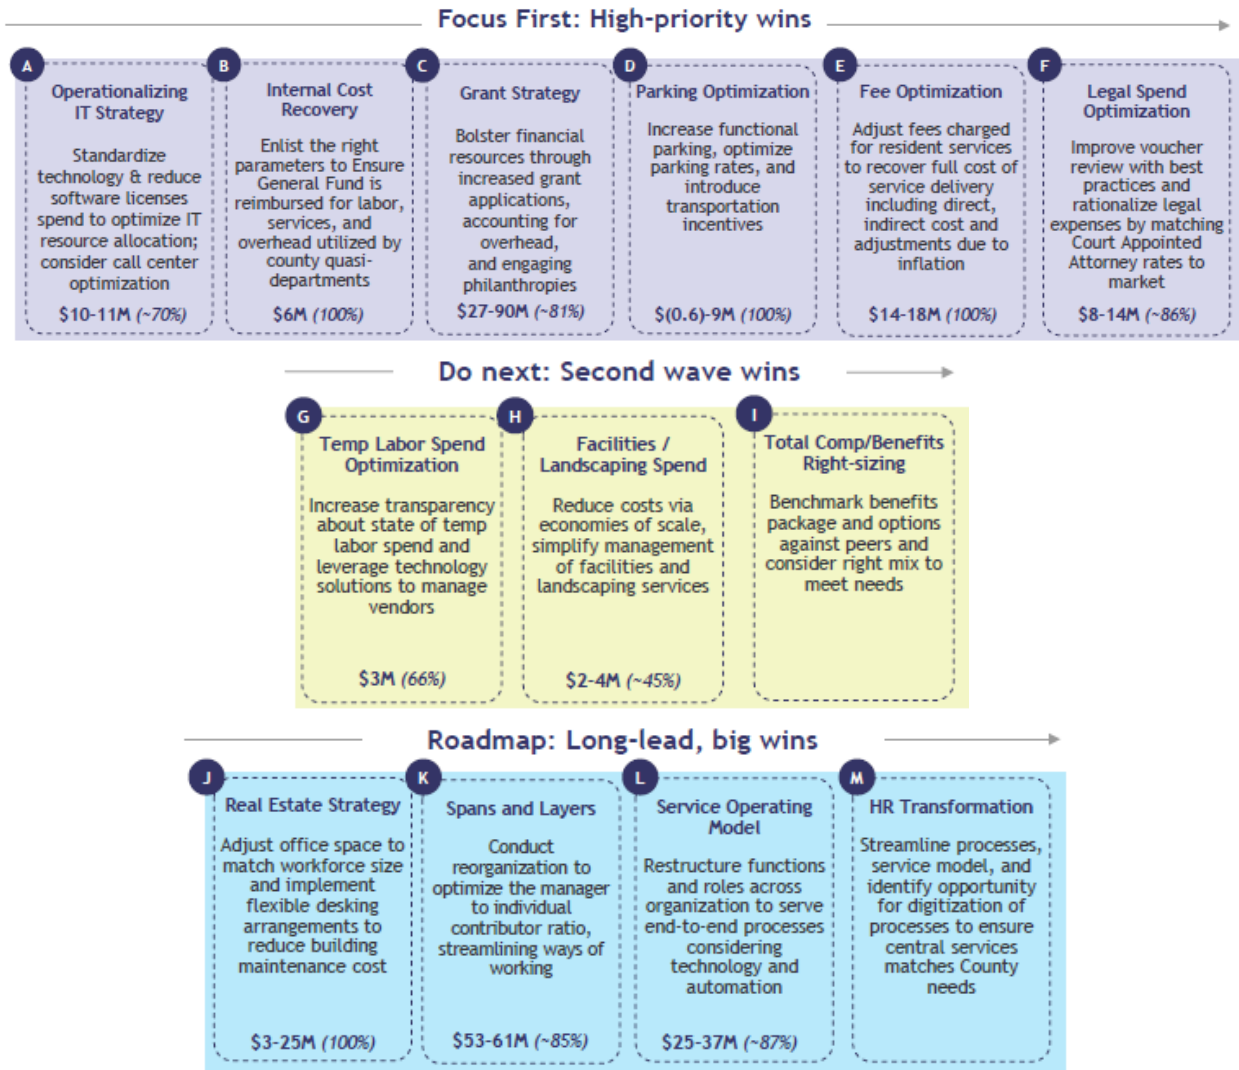

- How much did we do? These measures typically capture the quantity of work received or performed.
- How well did we do it? These measures typically capture the quality of the work performed.
- Is anyone better off? These measures describe the net effect on the community and typically require the most thought.

The County has made significant progress in the curation of performance measures and creating a consistent cadence of data reporting every quarter. However, this is an iterative process. As departments continue to align departmental strategic priorities with services provided and get better visibility into their data, there will be changes to the measures provided.

Five-Year Financial Plan

In anticipation of potential future budget shortfalls caused by rising cost inflation, higher spending, and state revenue caps, OMB commissioned a study to prepare a five-year financial plan. The study was completed in May 2024. The study found that planned spending for the upcoming year exceeds new revenue and, unless action is taken, General Fund spending will exceed total available resources within the next five years.

The study also identified opportunities to reduce costs and increase revenue, primarily focusing on those departments reporting to the Office of County Administration. Below is a summary of the opportunities identified and the potential financial impact for the County including the portion of the impact that affects the General Fund shown in parenthesis.

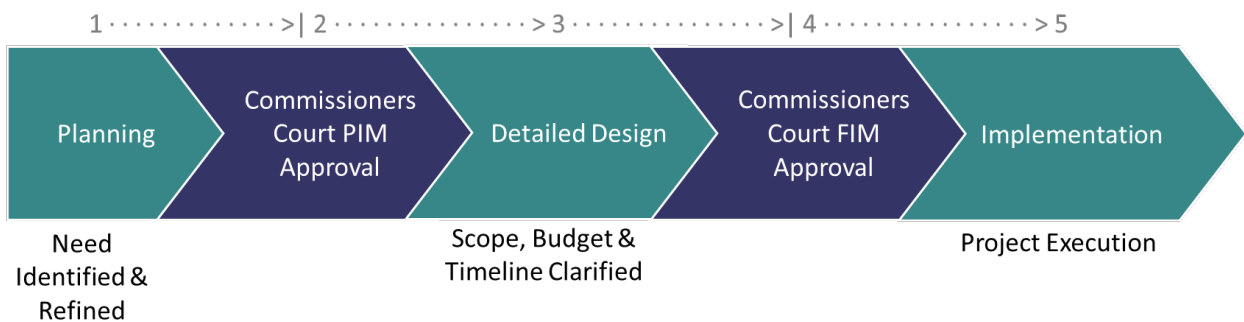

Some opportunities are relatively easy to achieve while others will require substantial time and effort to realize the identified financial gains. For budget purposes, OMB is assuming the following \$26.3M of enhancements/savings will be realized in FY2025. These figures are estimates that have been further refined and discussed in the Revenue Section of this report.

5-Year Plan Options Assumed in the FY2025 Budget		\$M
Revenue Enhancements		
Engineering permit fee increases		2.0
Increase Constable Fees of Office (primarily eviction-related fees)		2.0
Higher recovery of indirect support costs from grants		2.0
Reinstate indirect cost recovery from HCTRA, incl. recovering past years' indirect cost (22-25)		17.8
Higher recovery from HCTRA for Constable Toll Road officer support costs		1.5
Subtotal – Revenue Enhancements		25.3
Expense Reduction		
Laptop standardization		1.0
Total Revenue Enhancements + Expense Reductions		26.3

Capital Improvements Plan (CIP)

As part of the annual budget process, Harris County reassesses its capital improvement plans for facilities, information technology, capital equipment purchases, flood risk reduction, transportation, and other areas. Some operating budget requests may also be included in this program, if OMB determines that they are better addressed through CIP projects. Most precinct-led CIP projects, including precinct road and park projects, are not managed by OMB and are not reflected in the CIP section of the Budget Book.

The capital project development process aims to increase transparency and standardization and to ensure that capital resources are allocated in alignment with County goals and objectives. The plan shown in later sections includes the use of mobility funds, debt funds, grant funds, and other capital project funds necessary to support capital projects over the next fiscal year.

Basis of Budgeting

The County's accounting records for governmental fund types and agency funds are maintained on a modified accrual basis. Revenues are recorded when available and measurable, and expenditures are recorded when the services or goods are received and the liabilities are incurred. Encumbrances are recorded during the year. Property tax revenues are subject to accrual and are considered available to the extent collected within 60 days after the end of the fiscal year. Proprietary/internal service funds are accounted for using the accrual basis of accounting. Revenues are recognized when earned, and expenses when incurred.

Harris County budgets are developed on a cash basis. Revenues are typically recognized only when collected and expenditures are recognized when paid. Under State law, the budget cannot be exceeded in any expenditure group. In addition, the total of the budgets for the General Fund and certain Special Revenue Funds cannot be increased once the budgets are adopted unless certified by the County Auditor and approved by Commissioners Court.

Appropriations in the Capital Improvements Plan and Grant Funds are made on a project basis rather than on an annual basis and are normally carried forward until the projects are completed. On a case-by-case basis, other appropriations may be carried forward into a subsequent fiscal year: for example, for a one-time, multi-year program, or to cover an out-of-the-ordinary encumbrance related to the prior fiscal year.

Budget Controls

Under Texas statute, the County Auditor is responsible for assuring that the County complies with the limitations set forth in the budget. The primary level of budget control is the department. While the budget now contains figures at the program and service level, these more specific budgets will not be binding and may be slightly modified within a department as the Adopted Budget is uploaded into PeopleSoft. The County Auditor implements policies and procedures to assure that departments do not exceed their annual budget allocations. Departments cannot issue new purchase orders unless they have an unused budget sufficient to pay the purchase order. In addition, the Auditor's Office creates a payroll encumbrance equal to the projected payroll for the remainder of the fiscal year.

Revenue

Introduction

The General Fund is the primary fund for County operations and administration and includes all revenues that are not otherwise restricted or designated for use in another fund.

Over the last decade, two revenue categories accounted for over 90% of the County’s General Fund revenue. Tax revenue has averaged about 80% of the total (est. 79% for FY2024) and Charges for Services, which includes the Contract Patrol program and Motor Vehicle Sales Taxes among other things, currently makes up about 12% of the General Fund revenue.

	2015	2016	2017	2018	2019	2020	2021	2022	2023	2024 Proj.
Tax Revenue	77%	79%	79%	80%	79%	78%	81%	81%	78%	80%
Charges for Services	15%	14%	14%	13%	13%	12%	12%	12%	13%	12%
% of General Fund	92%	93%	93%	93%	92%	90%	93%	93%	91%	92%

The County averaged 6.2% General Fund revenue growth between 2015 and 2020, but the rate of growth has slowed to an average of 4.1% since 2020 and is not expected to see future periods with sustained revenue growth at pre-2020 levels due to the imposition of a lower tax revenue cap in 2020 by the Texas State Legislature. Total General Fund revenue (taxes plus non-tax revenue but excluding transfers in) for the last ten fiscal years is shown below.

Projected FY25 General Fund Revenue

The FY2024 projected and FY2025 recommended County General Fund revenues are:

	FY2024 Projected	FY2025 Recommended
M&O Tax Revenue Estimate	\$1,906M	\$2,132M
Non-Tax Revenue Estimate*	\$527M	\$537M
Total FY25 Projected Revenue	\$2,433M	\$2,669M

*incl. \$4M of other taxes (occupation taxes and rendition penalties)

The OMB revenue budget is based on an assumption the Voter Approval Rate is adopted, which for 2024 is calculated using an 8% disaster rate multiplier. Estimated FY2025 revenue is \$2,669M, of which \$89M is the result of the one-time disaster rate multiplier that will be backed-out in next year’s tax rate

calculation. In practical terms, this means the FY2026 M&O tax revenue that would normally increase by about \$115M at the VAR is likely to only grow about \$25M over the FY2025 revenue. The following table shows projected M&O tax revenue for FY24, FY25 at the VAR disaster rate, and FY26-FY2029 assuming 2% annual new construction growth and adopted tax rates at the VAR (3.5% increase on existing properties).

\$ in M	Proj. FY 2024	Est. FY 2025	Est. FY 2026	Est. FY 2027	Est. FY 2028	Est. FY 2029
M&O Tax Revenue	\$1,906	\$2,132	\$2,157	\$2,277	\$2,404	\$2,538
Annual Change	--	11.9%	1.2%	5.6%	5.6%	5.6%

These revenue projections are based on the 2024 tax rates calculated using HCAD’s July 25th certified estimate and non-tax revenue estimates developed in coordination with the Auditor’s Revenue Accounting section.

By statute, the FY25 revenue budget must match the Auditor’s Final Estimate of Available Resources. OMB’s estimated revenue, however, differs from the Auditor’s estimate, most notably because the Auditor’s estimate excludes certain items with the expectation that those items can later be certified as “supplemental” revenue when the amounts are known and/or when funds are received.

The OMB estimate, on the other hand, tries to account for many of these items up-front. While the Auditor’s Office is statutorily responsible for the estimate of resources that determines the maximum budget appropriation, OMB’s figures are for information purposes and are intended to reflect a more comprehensive projection which includes reasonable estimates of supplemental revenue that will be certified by the Auditor over the course of the year. That said, OMB’s estimates only include known or reasonably expected sources of revenue. It is likely some new, currently unknown sources of revenue will come in during the year but due to the inherent uncertainty, OMB did not try to guess an amount to include in the initial estimate, preferring instead to treat these as supplemental revenue that can help offset unexpected costs that occur during the year.

Tax Revenue

The 2024 tax rates adopted by Commissioners Court determine the tax revenue for County Fiscal Year 2025. Tax revenue for the coming year is estimated based on the adopted tax rate multiplied by the county’s certified taxable value of properties after adjusting for anticipated future value reductions, most commonly stemming from resolved property value disputes and tax exemptions granted after the initial tax roll.

The amount of the original taxable value that is ultimately lost has been rising for several years but has seen a particularly big increase in the 2023 tax year so far. Based on prior years, OMB assumed the original tax levy would drop by about 3.4% in 2023 but, after reviewing 2023 activity to-date, OMB’s estimated 2024 levy decrease is closer to 4.6% of the original roll.

Based on the OMB-recommended tax rate, total FY2025 M&O property tax revenue is estimated to be \$2,132M which is an increase of \$226M over the projection for FY24. Of this increase, approximately \$52M will come from new properties and \$174M will come from higher taxes on existing properties. For reference, the average residential homestead will pay \$168 more in County taxes than last year (this doesn't include changes to Flood Control, Port of Houston, and Hospital District taxes) based on a combination of a higher average taxable homestead value (\$379K vs. \$357K) and the higher tax rate.

Non-Tax Revenue

The OMB FY25 non-tax revenue projection is \$537M, which is \$42M higher than the estimate in the April CLS presentation. The difference is primarily the result of OMB recommended revenue enhancements, many of which are the result of the five-year plan study. Those changes relative to CLS are:

- \$18M recommended increase from HCTRA for indirect costs (a \$13.9M one-time true-up for prior years plus \$4M for FY2025)
- \$9M recommended one-time increase related to interest generated from investing ARPA funds
- \$7M increase in trueing up various fees of office, reimbursements, grant indirect costs, and building permit fees
- \$2M increase in motor vehicle sales tax fees
- \$2M increase Federal SCAAP estimate
- \$1M net increase in all other accounts

An emphasis for FY2025 is to better recover the costs of support that other funds (including grants) and agencies receive from the County's general fund. Examples of functions paid out of the general fund that may directly benefit operations funded from other sources include information technology, payroll, legal, finance and audit, purchasing, etc. The \$18M above for HCTRA indirect cost represents back-payments for the last three years plus the support cost reimbursement for FY2025. Grants are another recipient of general fund support but currently the general fund receives little or no reimbursement for services rendered to many of the County's grants. Starting in FY25, Harris County will move forward with a 5% overhead rate for all eligible grants.

The following table compares the FY23 actual, FY24 projected and FY25 estimated amounts by revenue category.

Revenue Category	FY2023 (Act)	FY2024 (Proj)	FY2025 (Est)
Charges For Services	\$274M	\$280M	\$297M
Intergovernmental	93	103	99
Miscellaneous	64	89	80
Non-Operating	28	29	29

Lease/User Fees	1	2	2
Charges To Departments	-	1	-
Taxes Other than Ad Valorem Tax	4	4	4
Total Non-Tax	\$501M	\$527M	\$537M

A relatively small number of fees and other revenue sources make up most of the non-tax revenue. As shown in the following table, the top ten revenue account are projected to comprise nearly 72% of total FY2024 General Fund non-tax revenues.

Revenue Source	FY2024 (Proj)	FY2025 (Est)	% of Total FY24 Non-Tax
Patrol Contracts (Incl. ISDs)*	\$105.0M	\$111.9M	19.9%
Motor Vehicle Sales Tax Fees	59.9	60.3	11.4%
Auto Registration Fees	38.5	39.5	7.3%
Fees of Office – Various Charges	37.2	40.2	7.1%
Mixed Beverage Taxes	32.0	33.0	6.1%
County Litigation Settlements	28.9	1.6	5.5%
Interest Earnings on Cash Balances	27.7	28.0	5.3%
Toll Road Reimbursement for Constable Services	21.0	21.6	4.0%
Property Tax Commissions	15.3	15.5	2.9%
Auto Registration Collection Fees	14.5	14.7	2.8%
Total Top Ten Revenue Accts	\$380M	\$366M	72%

* All revenue generated from contract patrol program is appropriated to corresponding law enforcement departments to pay for positions and non-labor. The county receives less money than contract patrol costs and the difference is paid out of the general fund.

FY2025 County litigation settlement revenue represents anticipated payments from existing settlements only. Despite the large amount of revenue generated by settlement in FY2024, OMB does not include estimated revenue for any potential legal settlements until the actual settlement amounts and timing are known.

Flood Control District

The Harris County Flood Control District is a special purpose district created by the Texas Legislature in 1937 and governed by Harris County Commissioners Court. The Flood Control District's jurisdictional boundaries coincide with Harris County and covers 23 primary watersheds and 1,777 square miles.

While the amount of acreage included in the Flood Control District's portfolio nearly doubled since 2000, maintenance spending did not keep pace, resulting in a deferred maintenance challenge (see figure/graph below). This deferred maintenance issue is exacerbated by the volume of new capital investments coming online now and in the next several years. New infrastructure includes more than \$5 billion dollars of projects through the 2018 Bond Program and an additional \$843 million dollars in projects funded through Community Development Block Grant (CDBG) Mitigation and Disaster Recovery programs.

source: Harris County Flood Control District*

Flood Control's financial challenges increased in 2022 after Commissioners Court was unable to agree on a tax rate and defaulted to the No New Revenue (NNR) rate. This resulted in FY23 tax revenue \$25M below what the Court could have authorized. Because each year's adopted rate becomes the starting point for the following year's tax calculation, the maximum revenue for all future years was decreased by \$25M as well. In most cases, when a jurisdiction adopts a rate below the Voter Approval Rate (VAR), it can increase the following year's rate to make up the difference (this is the unused increment component

*Expenditures are inflation adjusted and reflect 2024 dollars.

of the annual tax rate calculation). In this case, however, Flood Control’s adopted tax rate dropped below \$.025 in tax year 2022 which, by state statute, reclassified it to a “Special District” which allows for a higher annual tax rate increase but makes it ineligible to apply the unused increment in future years. The District’s M&O tax rates for the last ten years are shown below.

	2015	2016	2017	2018	2019	2020	2021	2022	2023	2024
M&O Tax Rate	0.02620	0.02745	0.02736	0.02738	0.02670	0.02649	0.02599	0.02043	0.02010	0.03774

To address Flood Control’s maintenance demands, which includes maintaining system capacity, reducing the risk of system failures, and managing new bond and CDBG-funded infrastructure coming online over the next five years, Commissioners Court adopted a 2024 Flood Control M&O tax rate of \$.03774 which is expected to allow for a 67-year infrastructure rehabilitation and replacement cycle. The adopted rate is \$.01581 higher than the VAR and ultimate approval is up to the voters who will be asked to approve the rate at an election to be held on November 5, 2024. If the rate increase is rejected by the voters, the Flood Control rate will revert to the calculated VAR of \$.02193. The revenue difference between the proposed rate and the VAR is just over \$100M.

Tax Rate	2025 Budget
Voter Approval Rate	\$140,400,000
Adopted Rate	\$241,100,000

The adopted 2024 tax rate is expected to generate more revenue than is needed for current year maintenance in FY2025. The reason for “overshooting” current year maintenance needs in FY2025 is because of the rapid expansion of flood control infrastructure over the next five years combined with insufficient maintenance funding for existing infrastructure. The new bond and CDBG infrastructure will result in future M&O cost increases that will grow faster than Flood Control is able to increase its revenue under the statutory revenue caps. Furthermore, maintenance funding for Flood Control’s existing portfolio of \$5.7B in infrastructure assets only supports a 270-year repair and replacement lifecycle resulting in \$700M to \$1B in estimated deferred maintenance. Given the annual cap on revenue increases and because it isn’t practical or cost effective to hold tax rate elections every year, the recommended approach is to possibly over-collect for current maintenance needs in FY25 and set aside any surplus in reserve to offset future year needs. Revenues within FY25 and FY26 will also support startup costs for the scale-up of operations (to include adding new staff, equipment, facilities, and contracts, as well as addressing up-front design/engineering, right-of-way acquisition, and permitting approvals that may be required for major maintenance projects).

Debt Service

VM

Overview

The County issues long-term debt instruments such as general obligation bonds, certificates of obligation, and revenue bonds to fund capital improvements such as infrastructure improvements, transportation system, machinery and equipment, vehicles, flood mitigation, and other capital needs. The County also issues short-term debt instruments, such as commercial paper, to provide interim financing for various long-capital projects and the financing of shorter-term assets that have depreciation schedules such as vehicles and technology.

In FY2024, Harris County was in the bond market twice, issuing long-term debt for: Road, Certificates of Obligation (CO), and Permanent Improvement Bonds (PIB) (\$750.9M), and HCTRA (\$950M), for a total of \$1.7B of new debt. The County will be issuing HOT Bonds in an amount not to exceed \$35M to fund the roof and sound system of the NRG Park Facility. The County also had several transactions relating to short-term debt in the form of commercial paper. The dealer for the issuance of Commercial Paper programs Series programs Series H & H-2 (Flood) and Series K (Toll Road) was replaced. In addition, the credit facility for Series D-3 (PIB) will be replaced, and the credit agreements for Series C (Road) and Series H will be renewed.

Harris County is proud to have AAA rating from Moody's, S&P, Fitch, and KBRA Rating agencies for our General Obligation (GO) credit. The County has been able to maintain the highest credit rating allowed by being able to demonstrate a low default risk. The Harris County Toll Road Revenue credit is the highest rated Toll Road in the United States, with ratings of AA/Aa1/Aa-. These ratings keep our bonds in high demand among investors, which in turn keeps our borrowing costs low.

The Interest & Sinking (I&S) tax rate is established by including all the County's mandatory debt service payments for the upcoming fiscal year, as well as any commercial paper repayments that meets the amended definition of debt defined in HB 1869. The I&S rate is calculated by adjusting the debt service by (1) the unencumbered fund balance; (2) the amount paid from other resources; and (3) the collection rate. To calculate the I&S rate, the total amount of GO debt service is divided by the total property assessments, as calculated by HCAD.

Types of Debt Instruments

Long-term debt instruments include:

General Obligation (GO) Bonds and Certificates of Obligation (CO) are direct obligations backed by the full faith and credit of the County and secured by the receipt of annual ad valorem taxes. The County issues both voter authorized and non-voted GO bonds. The County currently issues the following GO bonds to finance capital assets:

- Road Bonds
- Permanent Improvement Bonds
- Flood Control Bonds
- Toll Road Tax & Subordinate Lien Bonds
- Tax & Subordinate Lien Revenue (HOT) Bonds

Revenue Bonds are generally payable from the pledged revenue generated by the respective activity for which the bonds are issued. The County issues the following revenue bonds:

- Toll Road Senior Lien Revenue Bonds
- Toll Road First Lien Revenue Bonds

Short-term debt instruments include:

General Obligation (GO) Commercial Paper is a general obligation of the County secured by ad valorem taxes to provide interim financing for various short-term assets and long-term capital assets. There are currently ten GO commercial paper programs totaling \$2.15B in total authority.

Revenue Commercial Paper is payable from pledged revenue of the Harris County Toll Road Authority to provide interim financing of capital assets. There are two commercial paper programs for Toll Road in the total amount of \$350M.

Historical Debt Service

Historically, Harris County has leveraged its strong credit rating to issue debt to make investments into County infrastructure such as roads and parks. OMB has endeavored to balance the amount of debt service Harris County residents would be responsible for with the need for new infrastructure as the County grew in population. As new debt is added or refunded the strategy is to fill in gaps in maturities that keeps the debt service stable. As seen in the chart below, Harris County will pay off approximately \$278.5M of its General Obligation debt in FY25. Also shown later in this section, HCFCD will pay off \$67.4M in FY25. As debt is paid off it will decrease the Interest and Sinking component of the tax rate, unless replaced by new debt. The issuance of new debt in FY24 (Road, Permanent Improvement Bonds and Certificates of Obligation) in the total amount of \$750.9M increased the General Obligation outstanding bonds with principals maturing from 2025 to 2054 which increased the debt service in FY25.

The chart below shows historically that the I&S rate for the County’s debt service has remained reasonably consistent over the years. However, the Flood Control’s part of the rate will continue to increase as we issue debt from the 2018 voted authority. Even as we add new Flood Control debt, taxable assessed values continue to increase through assessments and new construction, and it has kept our overall I&S rate low. In tax years 2020 and 2021, the County chose to pay debt service on the unlimited tax road bonds from HCTRA surplus funds.

Road and Park Bonds

The Texas Constitution authorizes the County to levy, with voter approval, a tax, without legal limit as to rate, to pay debt service on County Road bonds. Road bonds are issued to finance land acquisition, construction, development, maintenance and operation of County roads and bridges.

Parks are considered a permanent improvement. The Texas Constitution authorizes the County to levy a tax rate up to 0.80 tax rate limitation, to pay debt service on the permanent improvement bonds. The bonds are issued for the purpose of financing land acquisition, development, improvement, and maintenance of County parks.

Road and Park bonds can be issued under voted authority. The debt payments for Road and Park bonds in FY25 will be approximately \$97.8M. In fiscal year 2024, the County issued approximately \$222M in road bonds.

The County issues road bonds for the purpose and amount specified in the bond election. The County also uses Commercial Paper Notes, Series C and Series C-2 to fund road projects. The County uses Commercial Paper Notes, Series B and Series D to fund park projects. The notes issued are counted against voted authority and the outstanding notes will eventually roll into long term bonds to restore the commercial paper capacity.

The table represents road and parks authorized but unissued bonds as of June 30, 2024:

Permanent Improvement Bonds (PIB)

The Texas Constitution authorizes the County to levy a tax rate up to 0.80 tax rate limitation to pay debt service on the permanent improvement bonds. Permanent Improvement Bonds are issued to finance construction, buildings, improvements, juvenile facilities, public facilities, parks, vehicles, machinery and equipment, and other capital needs. The bonds are a combination of voted and non-voted authority.

For voted projects, the County issues bonds and/or uses Commercial Paper Notes, Series B, Series D and Series D-2 for the purpose and amount specified in the voted authorization. Notes issued are counted against voted authority and will eventually roll into long term bonds.

Non-voted projects are funded by Commercial Paper Notes, Series A-1, Series D, Series D-2, and Series D-3. Notes issued to finance capital assets with useful life of less than five years will be repaid from tax collections, while notes issued to finance capital assets with a longer useful life will be refunded with bonds.

The debt payments for Permanent Improvement Bonds in FY25 will be approximately \$131.1M.

The table represents authorized but unissued bonds as of June 30, 2024:

Bond Election	Authorized Amount	Issued	Unissued	Remaining Budget
1999 Civil Justice Center	119,000,000	86,000,000	33,000,000	33,000,000

Flood Control Contract Tax

The Flood Control Contract Tax Bonds are special obligations of the HCFCF, secured by a pledge on the County’s payments to the HCFCF under the Flood Control Project Contract. The County and the District have entered into a contract, as amended and restated, to which the County has agreed to make payments to the District to enable the District to provide certain flood control projects for the benefit of the County. The County’s payments to the District are secured by and payable from the County’s \$0.80 tax rate limit.

The FY25 budget assumes \$45.6M in debt payments supported by Flood Control Contract Tax.

Flood Control District

The Flood Bonds are obligations of the HCFCF, secured by a pledge and payable from the District’s \$0.30 tax rate limit. Flood bonds require voters’ approval. The bonds are issued to finance flood control projects including purchasing lands, easements, rights-of-way, and structures and for the acquisition and construction of improvements, including detention basins, channel modifications, and other works suitable for use in connection with flood damage reduction.

HCFCF bonds are used on the 2018 Flood Control Bond Program (2018 Bond Program). The 2018 Bond Program consists of 181 “Bond IDs,” which represent logical groupings of projects. Aside from a small reserve of \$87M, the entirety of the \$2.5B in bond authority has been allocated to a particular Bond ID. As of July 2024, work has started on all 181 Bond IDs: 42 have been completed, 20 are in construction, 60 are in design or engineering, and 59 are in earlier stages like feasibility or right-of-way acquisition.

HCFCF uses Commercial Paper Notes, Series H, and Series H-2 or issues bonds to fund flood control projects. The issuance of notes is counted against voted authority and the outstanding notes will be refunded with bonds to restore the commercial paper capacity.

The table represents authorized but unissued bonds as of June 30, 2024:

Bond Election	Authorized Amount	Issued	Unissued	Encumbrances	Available Budget
2018 Flood Bonds	2,500,000,000	1,008,225,000	1,491,775,000	133,559,922	1,358,215,078

Flood Control bonds require voted authority. The debt payments for Flood bonds in FY25 will be \$67.4M.

Flood Control District Debt Service History

Harris County Toll Road Authority

The County is authorized to issue Toll Road Unlimited Tax and Subordinate Revenue Bonds, Toll Road Senior Lien Revenue Bonds and Toll Road First Lien Revenue Bonds pursuant to Chapters 1207 and 1371, Texas Government Code, as amended, Chapter 284, Texas Transportation Code. All Toll Road bonds are payable from toll revenues. The bonds are issued to finance construction, acquisition, and improvement of the County’s toll roads.

The County issues Toll Road bonds or uses Commercial Paper Notes, Series K and Series K-2, to finance toll road projects. Notes issued are eventually rolled into long term bonds to restore the commercial paper capacity.

Harris County Toll Road Bonds Debt Service History

The HCTRA Budget assumes \$238.1M in debt service payments in FY25. HCTRA’s debt service has increased due to new bond issues to support construction on several large projects, including the Ship Channel Bridge replacement, Hardy Downtown Connector, SH225 partial interchange at the Sam Houston Tollway, and improvements to the Hardy Toll Road interchange with Beltway 8 and the Sam Houston Tollway.

Hotel Occupancy Tax

The Tax and Subordinate Lien Revenue bonds are supported by the County’s Hotel Occupancy Tax (HOT) are used for authorized County purposes including the construction of public works at NRG Park for the purposes of attracting visitors and promoting tourism. The County has pledged its \$0.80 ad valorem tax rate and the receipts of the hotel occupancy tax to the payment of the bonds. Although the County pledged its ad valorem taxes, HOT bonds debt service is paid from hotel occupancy tax revenues and no tax has been levied to pay on these bonds. The debt service projection assumes a bond sale to replace the NRG stadium roof and sound system, secured solely by HOT revenues.

The HOT fund assumes \$29M in debt payments in FY25.

Budget Recommendations

VMI

FY25 Proposed General Fund Budget

FY25 Proposed Budget recommends \$2,669M of appropriations, of which \$2,416M is allocated to departments and \$231M allocated to General Administration to cover certain nondepartmental administrative costs like TIRZ payments, legal costs, property insurance, annual software maintenance costs, and countywide investments (see "[Department 202 Budget Detail](#)"). These amounts exclude the County's unallocated fund balance and Commissioner Court offices' carryover funds.

Make Harris County Safer and More Just

Residents deserve to live safely. Yet, addressing safety only through traditional criminal legal system solutions has led to jail overcrowding, court backlogs, and strains on the county budget. We can make our communities safer and support victims through effective, holistic approaches that prevent violence and trauma, narrow racial and ethnic disparities, elevate both the efficiency and fairness of the justice system, center rehabilitation, and minimize unnecessary legal system exposure.

Focused Objective: Reduce violent crime across the county.

Key budget recommendations for this Focused Objective include:

- Investing \$1.3M to provide the newly created HCSO District 6 office supervisors.
- Sustaining \$3.1M from lapse in grant funding for the VIPER (Violent Persons Warrants Task Force) Program.
- Investing \$1.5M in overtime to help reduce the backlog of open criminal cases.
- Investing \$1M in the Teledeputy Program, which allows deputies to work overtime at the Emergency Dispatch Center (EDC) specifically to respond to calls for service that do not require an on-scene law enforcement.
- Investing \$468K in elected official raises for the Constables and Sheriff.

Key budget recommendations for this Focused Objective include:

- Increasing the Public Defender's budget by \$11.7M, to support the second year of its expansion to represent 50% of all cases by FY26.
- Investing \$8.5M for the remaining three out of six new Criminal District Courts, approved by the Texas State Legislature, to provide additional trial capacity and assist with processing of the court backlog:
 - District Attorney's Office \$3.5M
 - Public Defender's Office \$1.0M
 - District Courts \$1.0M
 - District Clerk's Office \$901K
 - Sheriff's Office \$754K
 - Pretrial Services \$738K
 - Community Supervision \$625K
- Increasing funding for the Institute of Forensic Sciences by \$2.0M to acquire equipment necessary to ensure accreditation standards for chain of custody, sustain necessary maintenance and calibration cycles for equipment, and support purchasing power for crime lab supplies in the face of rising vendor costs for DNA testing kits.
- Funding an additional \$1M for the Institute of Forensic Sciences to provide decedent transport internally by hiring 11 positions and eliminating contractor costs.

- Sustaining \$1.7M in lapsing grant funds, for the District Attorney, to provide victims assistance communication and coordination as well as a newly required county grant match, following changes to available funding for the Victims of Crime Act (VOCA).
- Maintaining a \$1.2M supplemental appropriation, for the District Courts, to address the Harris Center Competency evaluation backlog.
- Investing an additional \$400K for Pretrial Services to hire 4 additional Pretrial Officer positions to comply with the Public Safety Report requirement under Texas Senate Bill 6, and free up time and capacity to existing staff.
- Funding an additional \$350K in the District Clerk's Office for 4 additional Clerk positions to 24-Hour Hearing Court, as well as complying with State of Texas mandates for restitution payments.
- Funding an additional \$500k to expand the RISE program.
- Funding an additional \$1M to expand the HART program into a new district and bring the services in-house.

Focused Objective: Improve safety and health conditions in the jail.

Key budget recommendations for this Focused Objective include:

- Investing \$385K in HCSO Detention to manage the HR workload more effectively and establish a dedicated team to process detention officer applicants year-round.
- Sustaining \$1M from lapse in grant funding for Jail Based Competency Restoration, JBRC is more effective at reducing wait times for treatment, improving restoration rates, and reducing the competency and jail populations.
- Invested \$696K for contract expansion to 24/7 medical care at LaSalle Facility.
- Increasing HCSO Medical budget by \$10.1M for additional services and equipment maintenance.
- Transferring \$39.3M of inmate outsourcing cost from ARPA to General Fund.
- Sustaining \$11.3M in funding for additional inmate outsourcing to Tallahatchie Correctional Facility.

Focused Objective: Reduce racial, ethnic, and economic disparities in the criminal legal system.

Key budget recommendations for this Focused Objective include:

- Providing \$725K of additional funding for the District Courts (\$250K) and the County Courts (\$475K) to meet demand for interpreter services in the courtrooms and overall language access services.
- Investing an additional \$315K for the District Courts to maintain adequate funding for indigent defense case transcripts (\$300K), and budget for an increase in medication hearings (\$15K) witnessed throughout FY24.
- Funding Probate Court #4 for \$35K to budget for administrative fee increases by the staffing agency used for ward visitations.

Focused Objective: Increase efficiency across the legal system.

Key budget recommendations for this Focused Objective include:

- Sustaining \$1.1M in lapsing grant funds for the Office of Managed Assigned Council to oversee and manage the court appointed attorneys list within the County Criminal Courts, following the final year of a Texas Indigent Defense Commission (TIDC) grant to establish the office.
- 380K to support the justice innovation team in their work to support the Harris County justice system.

Improve Physical and Mental Health Outcomes Across All Communities

According to the US Centers for Disease Control (CDC), Harris County scores lower than peer counties on resident health outcomes, and severe disparities exist across communities in those outcomes. We will continue addressing the social determinants of health through County services to equitably improve health outcomes.

Focused Objective: Improve the health behaviors of community members.

Key budget recommendations for this Focused Objective include:

- Increasing \$560k to expand the Crisis Intervention Response Team (CIRT) with an additional 6 clinicians from The Harris Center for Mental Health and IDD.
- Increasing \$1M in general funds to cover increased bed costs and security at the Harris County Psychiatric Center (HCPC).

Focused Objective: Increase access to quality health care, including preventive and behavioral health.

Key budget recommendations for this Focused Objective include:

- Sustaining \$3.5M in general funds for comprehensive Project ACCESS support that covers health, housing, and legal intervention support.
- Sustaining FY24 supplemental of \$4.4M specifically for equitable expansion of community health initiatives, such as mobile health pods, increasing access to health care across the county.
- Reducing Public Health Services fees and services by \$350K by eliminating a duplicative conference.
- Committing continued ARPA funding up to \$5.8M to support access to the full spectrum of reproductive healthcare options for low-income, uninsured Harris County residents to help individuals achieve desired reproductive life goals.
- Allocating continued funding up to \$6M in ARPA funding to expand Chronic Disease Prevention and create 20 positions to support the program in efforts to reduce the prevalence and impact of chronic disease-causing risk behaviors in Harris County.
- Committing continued up to \$23.7M in ARPA funding to (1) support 11 programs to expand access to counseling services for youth and families, treatment for substance use, and growing the behavioral health workforce, and (2) to empower community members with tools and training to support each other's emotional health, strengthening community behavioral health, emotional wellness, and resiliency.
- Reducing Public Health's general fund budget by approximately \$1M and transferring the costs and associated positions to a PHS Donation/Special Revenue Fund.
- 1.5M for wrap around services for victims of domestic violence.

Focused Objective: Improve children's health outcomes.

Key budget recommendations for this Focused Objective include:

- Committing continued funding of up to \$7.7M in ARPA funding to support Maternal and Child Health programs.
- Recurring \$7.5M in federal grant funding for the regional Special Supplemental Nutrition Program for Women, Infants, and Children.
- Increased funding of \$1.4M for Maternal mental and children’s health program.

Budget Overview

Below is an overview of actuals for SFY22 and FY23, as well as the Adopted FY24 Budget and the FY25 Proposed Budget for each department within the *Improve Physical and Mental Health Outcomes Across All Communities* goal area. Certain departments are also planned to receive transfers at the beginning of FY25 to their adjusted budget – these departments and the transfer amounts are included in a separate table below.

Department Name	SFY22 Actuals	FY23 Actuals	FY24 Adopted	FY25 Proposed

Total	43,506,125	78,625,444	90,935,830	95,963,536

Minimize the impact of climate change and disasters

Flooding, extreme heat, increasingly intense storms, and other climate-induced risks continue to plague our region, along with environmental and human-caused threats and hazards. We will equitably champion climate adaptation, resilience, and mitigation strategies as well as respond to environmental hazards to make Harris County a sustainable and livable county for decades to come.

Focused Objective: Reduce GHG emissions from County operations by 40% by 2030.

Key budget recommendations for this Focused Objective include:

- Allocating \$400K in utilities savings from Office of Sustainability initiatives and investments to the Revolving Energy Efficiency Fund to implement energy efficiency projects within Harris County's facilities portfolio.
- Investing \$60M to expand and re-equip the County's main South Central Plant with new, energy-efficient variable frequency drive (VFD) chillers and upgrade related pumps and cooling towers to save energy and reduce GHG emissions.
- Securing a \$3.4M loan at 0.25% interest with the Texas State Energy Conservation Office to replace 1970s-era chillers at 1111 Fannin with new, variable speed chillers that are expected to provide over 40% energy savings.
- Investing \$3.9M in an electric vehicle pilot to reduce GHG emissions and fleet cost.

Focused Objective- Equitably reduce the health, economic, and other impacts of climate change and disasters.

Key budget recommendations for this Focused Objective include:

- Increasing Pollution Control Services' budget by \$215k to fund increased lab operating costs and field work requirements.
- Continued commitment of up to \$20M in ARPA funding to the Lead Abatement and Prevention program to include a Healthy Homes Initiative, focused on raising awareness of lead-related issues in "hot spot" areas.

Focused Objective: Enhance disaster preparedness and resiliency.

Key budget recommendations for this Focused Objective include:

- Providing the County Judge's Office with up to \$3M in non-voted debt funding per biennium for general use, which can be used on vehicles, equipment, and other investments for disaster preparedness and the Office of Homeland Security and Emergency Management.
- Transferred the Risk Management and FEMA reimbursement responsibilities from HRRM to OMB to better coordinate financial management of disaster response.
- Proposing an increased Flood Control tax rate to voters dedicated to accelerating and improving maintenance of flood mitigation infrastructure, with some resources supporting resilient and

nature-based flood control solutions—including acquiring property along channels, especially natural and earthen channels—that reduce flood risk and total lifecycle maintenance costs.

Focused Objective: Encourage residents, businesses, and public entities to significantly reduce their environmental footprint for the health of our region.

Key budget recommendations for this Focused Objective include:

- Leading the Texas Solar for All Coalition, which secured \$249.7M in grant funding from the EPA’s Solar for All program for investments in solar energy for not only Harris County but also for other municipalities and non-profit organizations throughout Texas, including Dallas County, Houston, Austin, San Antonio, Opportunity Home San Antonio, Waco, the Texas Energy Poverty Research Institute, Clean Energy Fund of Texas, and the Houston Advanced Research Center.
- Installing more than 30 MW of community solar and batter storage in Harris County through the Solar for All program. Harris County will invest alongside EPA to maximize the number of County residents who can benefit from lower energy bills.

Budget Overview

Below is an overview of actuals for SFY22 and FY23, as well as the Adopted FY24 Budget and the FY25 Proposed Budget for each department within the *Minimize the impact of climate change and disasters* goal area. Certain departments are also planned to receive transfers at the beginning of FY25 to their adjusted budget – these departments and the transfer amounts are included in a separate table below.

Make Our Economy More Inclusive

Education, income, and wealth disparities across races, ethnicities, and gender persist for Harris County, despite a growing economy. We will expand access to high-paying, quality jobs and opportunities to build wealth for all residents, so all are included in regional prosperity.

Focused Objective: Grow the number of minority- and women-owned businesses.

Key budget recommendations for this Focused Objective include:

- Allocating \$1M in general funds for an updated County-wide disparity study to continue the County's MWBE program.
- Continued funding for three Vendor Diversity Project Monitors to support the increase in MWBE project monitoring using \$309K in general funds.
- Committing up to \$6.4M in ARPA funds for the Harris Hub small business assistance program to provide hands-on tailored technical assistance and accelerator grants to small businesses and entrepreneurs.
- Continued commitment of up to \$600K in FLEX funds for a comprehensive evaluation of the Harris Hub Program to ensure program metrics and ARPA requirements are being met.
- Funding an additional \$634K for the Department of Economic Equity and Opportunity to improve programming and policies for workers, small businesses, and economic development opportunities.
- Funding an additional 600k for additional support staff for the Department of Economic Equity and Opportunity for expanded operations.

Focused Objective: Provide workers with training and other support (e.g. childcare) to participate fully in the local economy.

Key budget recommendations for this Focused Objective include:

- Allocating \$7.9M in ARPA funds to the Early Childhood Impact Fund to support the Texas Children's Hospital UpWORDS Program, First3Years Safe Babies Program, and The Alliance Home-Based Child Care Program.
- Investing \$1.5M in ARPA funds to support County Connections to contract with 63 organizations across the County to provide summer enrichment programs for school age children to address educational disparities throughout the County.
- Investing \$48M in ARPA funds to support the Child Care Capacity: Contracted Slots Pilot Program to contract with centers and serve 1,000 families.

Focused Objective: Ensure that Harris County remains the best place in the region to start and grow a business.

Key budget recommendations for this Focused Objective include:

- In FY24 Commissioners Court approved a 100% property tax credit for childcare facilities to assist with the increased cost of operations of their facilities.

Focused Objective: Foster more family-wage jobs that ensure worker safety, benefits, and stability across all educational levels.

Key budget recommendations for this Focused Objective include:

- Continued funding of three Wage Rate Monitors to support the increase in compliance monitoring to ensure county contractors are meeting prevailing wage and fringe benefits requirements, using \$309K in general funds.
- Committing \$9.7M in ARPA funds for participating organizations to implement the Hire Up Harris Program providing high-quality job training programs that offer residents technical or sectoral-based training, licenses, degrees, or other industry-recognized qualifications, coupled with career success training, a concrete pipeline to employment, and wraparound services support.
- Investing \$10.9M for the Apprenticeship Advantage Program to expand and create opportunities for Harris County residents experiencing under-employment by providing support and financial resources to increase successful completion of programs and transition to work.

Help Residents Achieve Housing Stability

Over half of Harris County renter households (and more than 35% of all households) paid more than 30% of their income on housing costs in 2022 (defined by the U.S. Department of Housing and Urban Development as housing cost–burdened), as the pandemic exacerbated housing inequities. We will develop policies and make investments to address the shortfall of affordable housing and enable people to access and stay in safe and stable housing environments.

Focused Objective: Build and preserve affordable housing, particularly for low-income families.

Key budget recommendations for this Focused Objective include:

- Continued funding of 13 new full-time positions in the Housing and Community Development Department to support the successful implementation and monitoring of affordable housing projects using ARPA funds.
- Continued funding of up to \$15M in ARPA funds to purchase more than 100 single-family homes, many of which will go into the county's Community Land Trust program to provide and preserve long-term affordable housing.
- Investing up to \$7.3M in ARPA funds for the acquisition and pre-development of the Yellow Cab Project, which will comprise of a mix of single-family and multi-family units with community space, green space, and walkable and pedestrian friendly amenities.
- Continued purchasing of the land under the Kingsland Park multi-family development, creating five new affordable units and preserving 141 existing ones, using up to \$4.2M in ARPA funds.
- Establishing a policy allowing applications for tax exemptions from certain low-income housing projects, under Texas Tax Code 11.1825, of up to \$1.5M total.
- Providing up to \$20M investment in housing and relocation assistance due to construction impacts as a part of the Hardy Downtown Connector project.

Focused Objective: Reduce eviction and foreclosure rates among residents.

Key budget recommendations for this Focused Objective include:

- Investing up to \$108K of County funds for a lapsing grant from the National Center for State Courts to sustain a pilot project in Justice Courts Precinct 1 Place 2 and Precinct 2 Place 2, that established a full-time eviction diversion team to collect data and implement strategies to reduce the harm of eviction.

Focused Objective: Transition people experiencing homelessness into permanent housing.

Key budget recommendations for this Focused Objective include:

- Continued allocation of \$329K in general funds for 4 full-time positions previously funded by a federal Victims of Crime Act (VOCA) grant that will not be renewed in FY24. This funding for Harris County Resources for Children and Adults will retain existing housing case management services to foster youth at risk of homelessness.

Connect Our Community with Safe, Reliable, Equitably Distributed, and Well-Maintained Infrastructure

Harris County is responsible for maintaining thousands of miles of roadway, as well as bridges, channels, culverts, sidewalks, and other infrastructure. Historically, public investment in infrastructure has not been distributed across communities based on need. We will modernize our infrastructure and use all available mobility options to improve quality of life, advance equity, and strengthen our economy.

Focused Objective: Expand and optimize transit options.

Key initiatives included in the budget for the Focused Objective:

- Allocating \$50M of bond funding to multimodal transportation investments in pedestrian and bicycle infrastructure.
- Providing \$55M in METRO General Mobility Program revenue received in FY24 to precincts that can be used on, among other things, pedestrian, and bicycle transportation infrastructure.

Focused Objective: Ensure safety and security for all using the county's transportation network in alignment with the County's Vision Zero plan.

Key budget recommendations for this Focused Objective include:

- Allocating \$50M of bond funding to address safety issues on a substantial portion of a high-injury network identified in Harris County's Vision Zero Action Plan. Vision Zero has been adopted by Commissioners Court with the goal of eliminating fatalities and serious injuries on the transportation system.
- Investing in the Barrier Free program in FY24 to accelerate the transformation of the County's existing 820 lane-mile toll road system to an all-electronic roadway.

Focused Objective: Increase access to safe, clean and enjoyable green space.

Key budget recommendations for this Focused Objective include:

- Provide up to \$200M in investments to County park and trail facilities from voted debt, including investments on new construction and maintenance.
- Provide precincts with up to \$15M in non-voted debt funding per biennium for general use, which can include improvements to park facilities.

Focused Objective: Improve the condition and resilience of county transportation, flood control, and other infrastructure.

Key budget recommendations for this Focused Objective include:

- Proposing a tax rate to voters that will provide an extra \$100M annually to Flood Control to accelerate and improve infrastructure rehabilitation and replacement from a 283-year lifecycle to once every 67 years. These funds will be invested in replacement of aging flood control structures

and assets, sediment removal and erosion repairs, scaling up in-house maintenance construction teams, and implementing new resilient and nature-based solutions that are aligned to other objectives, and which reduce risks and total lifecycle maintenance costs.

- Allocating \$200M in bond funding to improve neighborhood drainage, which will decrease flooding risk in neighborhoods, while improving the resiliency of the transportation network during disasters.
- Maintaining \$287.7M in HCTRA surplus revenue mobility transfers to precincts and County departments to support eligible, mobility-nexus projects, activities, and initiatives.
- Allocating \$100M in bond funding to improve road quality where it is most needed.
- Providing precincts with up to \$15M in non-voted debt funding per biennium for general use, which can include improvements to community centers and other infrastructure.
- Creating a Facility Fund during FY24 to track expenditures by facility and capture income from real estate sales to reinvest in our facilities.
- Providing \$5.7M to Flood Control to improve maintenance capabilities and coverage, including \$1.6M for replacing outdated equipment and \$1.2M in labor budget for 17 positions.
- Allocating \$1.5M to Flood Control to further establish Flood Control’s Asset Management Program to manage maintenance equitably and efficiently, including 4 positions and \$328K in labor budget.
- Providing 6 positions and \$965K in additional labor budget to Flood Control to support resilience, grants, and strategic initiatives.
- Providing 4 positions and \$470K in labor budget to Flood Control for CDBG & 2018 Flood Control Bond Program support.

Government Administration/Other

Background

Over several months in the fall of 2023, stakeholders from all court offices participated in developing the strategic framework. Each goal was deliberated on and given thoughtful consideration. The framework represents the counties road map to achieving better outcomes. This Government Administration/Other section is not a goal within the County's Strategic Framework, but a collection of investment decisions and departments that did not tie directly to the framework, but still support the core functions of the county.

Key budget recommendations for this Focused Objective include:

- \$20M transferred to the contingency fund to plan for future emergency events.
- Sustaining \$11M in investment to sustain in house collections in county attorney.
- Investing \$2.5M in Universal Service's cyber security initiatives.
- Funding an additional \$2M in Universal Services for increased cost on Microsoft contracts.
- Transferring \$1.5M of County Attorney expenses to other special funds.
- Investing \$940K in elected official raises for County and Probate Court Judges, County Treasurer, District Attorney, Tax Assessor Collector, District Clerk, Justices of the Peace, and other elected officials.
- \$700K to modernize Human Resources and Talent Acquisition in Harris County.
- Investing an additional \$200k to the Veterans Services Department to fund a new staff attorney to assist recently incarcerated veterans.
- Transferring 5 FTEs in the Engineering Permitting service from General Fund to Fire Code for a General Fund savings of \$724K.
- Reducing Universal Services' non-labor budget by \$1.9M thanks to savings achieved in software contract renegotiations or consolidation.
- Reducing Universal Services' non-labor budget by \$3M for consulting and technology services that are no longer needed.
- Allocating up to \$3M dollars in commercial paper for the first phase of the centralized replacement of laptops and computers for County departments.

General Government - Department 202 Expenditure Budget Detail

Department 202 is a General Administration department in the budgeting and accounting system designed to capture expenditures that cannot be allocated to a specific department due to the county-wide nature of the costs. Capital Reserve is also budgeted in Department 202 but is not shown here.

Capital Program Recommendations

VMII

Harris County's Capital Improvement Plan (CIP) includes projects that involve investment in County assets. These assets can be tangible, like a building or specialized equipment, or intangible, like custom software. These projects are typically funded by County debt and are paid back through ad valorem taxes, HCTRA revenue, and partner funding such as grants. This section discusses the County's capital plan with a focus on FY25.

FY25 Capital Plan

Harris County will continue to make significant capital investments, with the largest share of investment going to infrastructure projects and a significant share devoted to projects that make Harris County safer and more just.

The data shown for FY25 are planned program needs. As projects become further defined, costs or scope and timelines may change and not all projects may go forward. Furthermore, additional needs may be identified through the year. The data below presents a plan, not necessarily a formal budget.

Projected FY25 Capital Plan Needs

Overall, it is estimated that the Harris County capital plan will need approximately \$2.4B in resources expected for approved projects in the next fiscal year. This represents a notable increase from \$1.8B in FY24 as many projects and programs are entering construction phases across many goal areas, including major portions of the 2018 Flood Control Bond, Ship Channel Bridge, Hardy Downtown Connector, Riverside Health and Safety Complex, new HCSO headquarters at 5910 Navigation, and various 2022 Public Safety Bond projects.

Projected FY25 Capital Plan Funding Sources

The projected sources for these funds are presented in the chart below. This year's estimates reflect significantly increased funding from CDBG-MIT grants for the 2018 Flood Control Bond program, including the Road and Bridge Subdivision Drainage Program. Additionally in summer 2024 Harris County issued a \$450M Certificate of Obligation to fund new construction of and improvements to County facilities, some of which is included in General Obligation (GO) Debt.

FY25 Capital Projects

Approved Projects in Progress

Some of the notable initiatives underway include:

- 2018 Flood Control Bond Program – significant initial investment in “worst-first” projects to achieve equitable flood mitigation; significant construction using CDBG-MIT grant funds on both the HCED-led Road and Bridge Subdivision Drainage Program and the FCD-led portion of the Bond Program is expected to begin in FY25.
- Ship Channel Bridge – largest single CIP investment in County history to replace the outdated bridge and improve safety for drivers and Ship Channel users.
- Riverside Health and Safety Complex – The complex will repurpose historical buildings to host the ACCESS Harris initiative and community engagement centers. Additionally, a new building will serve as the headquarters for Harris County Public Health.
- Adult Detention Facility Renovation – The program will address urgent deferred maintenance needs at adult detention facilities, including security, emergency generators, fire alarms, fire sprinklers, communications, elevators, plumbing, electrical, heating, ventilation, and air conditioning (HVAC) to ensure detention facilities can operate safely in the coming years.
- Investments in Voting – Upgrading voting equipment across the county, including additional marking machines, controllers, ballot scanners, and related equipment to accommodate upcoming elections. Capital investments have been approved for upgrades in voting equipment storage facilities, including shelving and other warehouse infrastructure.
- 1010 Lamar renovations – The recently acquired 20-story building will be renovated and upgraded inside and out to optimize space utilization and mechanical, electrical, and plumbing systems.
- Commissioners Court office non-voted debt – Commissioners Court authorized non-voted debt to be allocated to Commissioners Court offices to improve facilities and purchase equipment or vehicles to directly support our residents.

Voted Authority

A significant part of the debt that Harris County incurs is authorized by voters at elections. In November 2022, Harris County voters approved the issuance of up to \$1.2B of debt, including up to \$100M for public safety projects, up to \$900M for road and bridge projects, and up to \$200M for parks and trails. Furthermore, while having its own tax rate, board of directors, and debt rating, the Harris Health System received voter approval to issue up to \$2.5B in bonds in November 2023.

- **Public Safety Bond (up to \$100M):** Commissioners Court has already approved up to \$92.69M in funding for 8 projects and program administration, including two renovated patrol district headquarters, a vehicular crimes processing facility, and various training facilities for the Sheriff academy, precision driving, firearms, active shooter response, and swift water rescue. Budget has been transferred to Engineering for design work, real estate acquisition, and make-ready work on several of these projects.

- **Road and Bridge (up to \$900M)/Parks and Trails (up to \$200M):** While these projects are managed by precincts and not formally reflected as a part of OMB’s CIP, these large bond authorizations will impact tax rates and County operations. Commissioners Court has authorized 10% of total voted authority to be allocated to Engineering for project management and administration. OMB has begun issuing budget to precincts for these projects.

Continuous Projects

There are 24 continuous (formerly called “ongoing”) projects for items like capital maintenance and equipment that represent a significant investment in County infrastructure. These projects were authorized for \$153.1M in FY24, and we expect a request for a total authorization of at least \$148.1M for FY25.

Continuous projects are projects that have no specific end date or target, but still represent significant capital investments in County facilities, property, or intangible assets, like software. These are commonly used for specialized equipment purchases and capital facility & IT projects. The largest continuous projects include purchases of vehicles, one-time cyber security investments, law enforcement radio replacement, and upgrades to HVAC, lighting, and other building systems.

FY25 Proposed Potential Projects

In preparing the FY25 CIP Plan, OMB has gathered proposals for potential new CIP projects from County departments. OMB has received 67 new project requests across multiple strategic frameworks*

Countywide New CIP Project Proposals

OMB solicited proposals from all departments for additional projects that have not yet been approved by Commissioners Court. The 67 potential projects total over \$228M across several Goal Areas:

- **Make Harris County safer and more just (\$78M):** 27 projects were proposed by various safety and justice departments. These projects vary in size and include:
 - Universal Services proposal to replace the current JWEB criminal justice software with a modern “integration platform” which allows for data to be instantly shared among justice agencies.
 - Expansion of new office space for the Fire Marshal’s Office at 2318 Atascocita.
- **Improve physical and mental health outcomes across all communities (\$14M):** Harris County Public Health has proposed 13 projects to enhance Public Health’s service. These include:
 - New construction for a birthing center to enhance access to critical medical and social services for birthing people and newborns.
 - Lab expansion for Mosquito Vector Control program to expand testing ability.
 - Purchasing a mobile dental unit to increase and expand dental services to Harris County citizens.

* Not all projects will start in FY25, and not all projects may ultimately go forward due to project feasibility/desirability, but OMB wants to provide a full inventory of department requests. Any projects will go through the standard Investment Memo process for Commissioners Court approval before launch.

- Help residents achieve housing stability (~\$6M): 2 projects were proposed by the Housing and Community Development Department for an affordable housing program.
- Minimize the impact of climate change and disasters (~\$1M): 1 project from Pollution Control Services to upgrade analytical equipment.
- Connect our community with safe, reliable, equitably distributed, and well-maintained infrastructure (~\$0.5M): 5 projects were proposed from various departments to improve Harris County's public facing infrastructure.
- Others (~\$130M): 19 projects proposed by various Harris County entities including building renovations at various locations and hardware and software upgrades to support Harris County functions including:
 - Replacing and upgrading Harris County fuel stations with new fuel pumps, piping, and advanced monitoring technology.
 - Replacing the existing Vehicle Maintenance Center to accommodate a growing fleet and reduce vehicle maintenance time.

All Other Funds

IXX

The following funds include revenue from special sources or funds that are allocated to specific needs due to legal, operational, or other considerations. Residual resources in these other special funds carry over from year to year. As such, the Adopted Budget will be based not only on new revenue, but also available resources at the end of FY24.

Contingency Fund, R&R Fund

Most of the allocations from the Contingency Fund are for specific, one-time expenses that respond to COVID or other unexpected events. For the purposes of allocating the Contingency Fund, OMB proposes to allocate the current remaining balances and make specific adjustments where funds are no longer needed.

The Mobility Fund consists of transfers of surplus revenue from HCTRA which fund eligible transportation projects throughout the County. Eligible uses are governed by Section 284.0031 of the Texas Transportation Code and include the study, design, construction, maintenance, repair, or operation of roads, streets, highways, or other related facilities.

American Rescue Plan

In 2021, following passage of the American Rescue Plan Act (ARPA), the U.S. Treasury allocated \$915 million in Coronavirus Local Fiscal Recovery Funds to Harris County, with a goal of accelerating recovery from the economic and public health impacts of the COVID-19 pandemic. Commissioners Court quickly adopted a governance approach, established an equity framework to guide project selection and delivery, and identified major investment priorities to ensure a holistic recovery.

Since then, Commissioners Court has committed \$931 million across five priorities:

- Health - \$155 million
- Housing - \$280 million
- Jobs & Education - \$292 million
- Justice & Safety - \$145 million
- County Operations - \$59 million

The Flex Fund was established by Commissioners Court in June 2022 to support projects aligned with ARPA priority outcomes for which General funds are more appropriate than federal funds. General funds offer additional flexibility in the use of locally procured vendors, reduced compliance burden, different eligibility considerations, and the ability to execute some projects more quickly.

Flex Fund budget is made available by reclassing ARPA-eligible expenses originally budgeted in General Fund 1000 to ARPA Fund 2651.

Debt Service and Capital Funds

Used to account for the County’s capital fund resources allocated for construction of capital projects. Capital Funds can be raised by issuing debt and can be paid back over a period by making scheduled debt service payments. Debt Service funds account for the funds reserved for the required scheduled payments of principal and interest on long-term debt obligations of the County. The budgeted debt service payments will fluctuate if the County refunds outstanding bonds or issues new debt.

Honorable Members of Commissioners Court
Harris County, Texas

Re: Submission of the Fiscal Year 2025 Final Statement of Estimated Available Resources

Court Members:

In accordance with the Texas Local Government Code (LGC) §111.063, the County Auditor has prepared a “Final Statement of Estimated Available Resources” to be used in developing the Fiscal Year (FY) 2025 Appropriations Budget for Harris County and the Harris County Flood Control District. This estimate of available resources is comprised of available beginning cash and cash equivalents, plus estimated revenues and transfers-in for the upcoming FY 2025. The “Final Statement of Estimated Available Resources” includes all information as required by Chapter 111 of the Local Government Code:

- ◆ Outstanding obligations of the County.
- ◆ Cash on hand to the credit of each fund.
- ◆ Funds received from all sources during the preceding fiscal year.
- ◆ Funds and revenues estimated to be received from all sources during the preceding fiscal year.
- ◆ Funds and revenues estimated to be received during the ensuing fiscal year.

In order to prepare a forecast that is reasonably accurate, involvement and input from County departments and information received from other sources such as the Harris County Appraisal District (HCAD) are vital components of the revenue estimation process.

The County Auditor’s Revenue Accounting Department performed an initial analysis of all revenues, which included an examination of the statutory requirements and an analysis of trends and assumptions relative to the County’s revenues, and proposed revenue projections for the remainder of FY 2024 and FY 2025. Each department was provided access to review and analyze their projections via WebFocus (a web-based information retrieval tool) along with instructions and other pertinent information. Some departments responded with modified projections, while others were in agreement with the County Auditor’s Revenue Accounting Department’s estimates. In addition, County departments were contacted for further information or clarification, if it was deemed necessary. The County Auditor’s Revenue Accounting

Department performed a final review of all revenues, and a determination was made as to the reasonableness of the estimates.

CASH AND REVENUE PROJECTIONS

Harris County General Fund

The Pie Chart below represents the final FY 2025 estimate of revenues, by primary category, for the General Fund. As evidenced below, Ad Valorem Taxes are estimated to be 82% of revenues. The next largest category, Charges For Services, which consists of various fees charged by County departments and judicial fees, is projected to be 11% of revenues.

The schedule below provides a comparative analysis of the FY 2024 adopted estimate of available resources with the FY 2025 final estimates for the County's General Fund.

Conclusion

I want to express my sincere appreciation to the County departments for their invaluable assistance in providing information for the "Final Statement of Estimated Available Resources." I also want to thank Jolanda Smith, the County Auditor's Revenue Accounting Director, and her staff for their dedication and tireless efforts in preparing this document.

Questions concerning the data contained within this report may be addressed to the County Auditor's Office.

Sincerely,

Michael Post, CPA
County Auditor

HARRIS COUNTY GENERAL FUND

GENERAL FUND - 1000

This fund is used to account for all revenues and expenditures, not accounted for in other funds, relating to general operations of Harris County.

HURRICANE HARVEY RECOVERY -1010

This fund is used to assist with capital projects and operating costs related to Hurricane Harvey.

INTEGRATED JUSTICE INFO SYSTEM -1015 (NEW)

This fund was established by Commissioners Court to support the work of the Integrated Justice Information System (IJIS) team. No budget may be moved out of this fund without the Integrated Justice Technology Board's and Commissioners Court's approval.

PUBLIC IMPROVEMENT CONTINGENCY FUND - 1020

This fund is used to provide funding to assist with capital projects and unforeseen catastrophic events on a pay-as-you-go basis and to be a stabilizing component for the County's total combined tax rate.

COVID RESPONSE & RECOVERY FUND - 1030

This fund is used to track operating costs related to the Coronavirus Disease of 2019 (COVID-19). These funds were freed up by changes in the Coronavirus Aid, Relief, and Economic Security (CARES) Act of 2020.

FACILITY FUND – 1035 (NEW)

This fund was established by Commissioners Court to manage facility maintenance and operation expenses, as well as financial management of County real estate sales and purchases.

FLEX FUND – 1040

This fund is used to support projects aligned with the American Rescue Plan Act (ARPA) priority outcomes and approved via the ARPA governance processes.

ENERGY EFFICIENCY FUND – 1045

This fund is used to serve as a continuous source of funding for implementation of energy efficiency projects within Harris County's facilities portfolio.

MOBILITY FUND - 1070

This fund is used to account for the transfers of mobility funds from the Harris County Toll Road Authority to the County. Each Commissioner's precinct receives allocated funds.

HARRIS COUNTY GENERAL FUND

INFRASTRUCTURE FUND - 1080

This fund is used to account for the transfer of surplus revenue from the Harris County Toll Road Authority. It will be used to repay existing road debt; to support road and bridge construction, operations and maintenance cost; and to fund the road and bridge component of flood control projects.

This fund was established to account for monies received as a result of environmental settlements.

TIRZ Affordable Housing-Interest Bearing - 2402

This fund accounts for all revenues from the sale of tax increment bonds or notes, revenues from the sale of any property acquired as part of the tax increment financing plan, and other revenues to be used in the reinvestment zone in accordance with Texas Tax Code Section 311.014(a). Money may be disbursed from the fund only to satisfy claims of holders of tax increment bonds or notes issued for the zone, to pay project costs for the zone, to make payments pursuant to an agreement made under Section 311.010(b) dedicating revenue from the tax increment fund, or to repay other obligations incurred for the zone.

Pool Permit Fees - 2411

This fund was established to account for fees and expenses associated with the Rules of Regulation of Swimming Pools and Spas in the Unincorporated Areas of Harris County, Texas. These rules were approved by Commissioners Court on December 5, 2016.

County Jury Fund SB346 - 2420

This fund was established as a result of Texas Senate Bill 346, which amended the Texas Local Government Code Section 134.103 to restrict certain funds for juror reimbursements and to finance jury services.

Time Payment Fund SB346 - 2421

This fund was established as a result of Texas Senate Bill 346, which amended the Code of Criminal Procedures Article 102.030 to restrict certain funds for the purpose of improving the collection of outstanding court costs, fines, reimbursement fees, or restitution or improving the efficiency of the administration of justice in the County.

HARRIS COUNTY SPECIAL REVENUE FUNDS

CAD/RMS Project -2701

This fund was established to account for monies received to fund the Law Enforcement Central Aided Dispatch (CAD) Record Management System (RMS) replacement project.

EI Franco Lee - 2704

This fund is used to account for donations made to Precinct One for designated purposes/programs including the Seniors Program and the LEE Program. Expenditures are made in accordance with designations.

HC Partnership Fund – 2705

This fund was established to account for monies received as a result of the Light Detection and Ranging (LIDAR) initiative. There will be internal and external partners in this ongoing initiative.

PROPRIETARY FUNDS

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges, or where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Parking Facilities - 5201

This fund is used to account for the acquisition, operation and maintenance of the County's parking facilities. These facilities are intended to be financed primarily through user charges.

TRA Revenue Collections - 5301

This fund accounts for all toll revenue collected. The revenues are to be used for the Debt Service Fund, Debt Service Reserve Fund, project expenses, establishment and maintenance of the Operating Reserve, the Renewal and Replacement Fund, subordinate indebtedness and the Surplus Fund.

TRA Operation and Maintenance - 5302

This fund is used to account for all project expenses. It is funded by the TRA Revenue Fund.

TRA Tunnel Ferry Operation & Maintenance - 5310

This fund is used for the maintenance and operations of the Washburn Tunnel and the Lynchburg Ferry.

Flood Control Transfers Reserve – 5315

This fund was established for separate accountability of the future transfers of funds for the flood resilience trust and sub-drainage program as approved by Commissioners Court.

TRA Renewal Replacement - 5321

This fund is funded by the TRA Revenue Fund. Funds held in here may be used for repairs, replacements, extensions, renewals, betterments, improvements and reconstruction expenses of the Toll Road that are not specific project expenses. Transfers to the Debt Service and Debt Service Reserve Fund to maintain the required balances may also occur from this fund.

PROPRIETARY FUNDS

TRA Revenue Pool Construction - 5501

This fund is used to account for planning and building new toll roads.

TRA Tunnel Ferry Revenue PL Construction – 5510

This fund is used for the capital improvements of the Washburn Tunnel and the Lynchburg Ferry.

PROPRIETARY FUNDS

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the governmental unit, or to other governmental units, on a cost-reimbursement basis.

Central Service - VMC - 5101

This fund is used to account for the operation and maintenance of the County's Vehicle Maintenance Department, which is to be financed through user charges.

Public Safety Technology Services - 5102

This fund is used to account for the operation and maintenance of County radios, which is financed through user charges.

Inmate Industries - 5103

This fund is used to account for printing services provided to County departments. This fund is financed by user charges.

Health Insurance Trust Management - 5104

This fund is used to account for County employees' group health insurance activities.

Workers' Compensation - 5121

This fund is used to account for the County's Workers' Compensation Fund to include medical and indemnity payments as required by law for on-the-job related injuries.

Risk Management - 5122

This fund is used to account for the County's risk management services, which include coordination of all insurance policies and management of self-insured risk.

Unemployment Insurance - 5123

This fund is used to account for unemployment insurance.

H. C. FLOOD CONTROL DISTRICT

Flood Control General Fund - 2890

This fund is used to account for all revenues and expenditures related to the general operations of the Harris County Flood Control District. The Flood Control District is responsible in developing a flood control plan for the County; carrying out an ongoing capital improvement program; maintaining district facilities; and providing flood watch and flood alert programs.

Flood Control Maintenance Fund – 2891 (NEW)

This fund was established to improve the financial management of non-payroll flood risk reduction infrastructure maintenance, vegetation management and other services.
